Reports

Director

Park use is continuing to increase. Many activities that would normally be held inside have decided to hold them outside in a park. Facilities are open and we have workers on duty 7 days a week.

Recreation programming has begun with registration for softball, baseball and T-ball. Adult softball has started as well. The Sam Corey Senior Center remains closed, and a re-opening date has not been determined.

Commissioners

Commissioner Warfield asked about the fountain and what plans were in place for its repair. Director Jenks gave an update on what has been done so far to try and find the water leak. Last fall a fountain company came to winterize it and believes they have identified a pipe that may be the cause. This spring they are going to come back to further look into it and hopefully be able to repair it. Director Jenks will give an update on this at the next Park Commission Meeting.

Commissioner Fulk discussed wanting to recognize past Park Commissioners Jane Wallin and John Mulvaney when the Park Commission Meetings can be held in person again. He asked other commissioners for ideas of what we should do.

Limited Comments

Adjournment
