Township Board Members  
Delhi Charter Township  
2074 Aurelius Road  
Holt, MI 48842

Dear Board Members,

On behalf of all departments, I am pleased to present to you the 2021 Proposed Annual Budget. This budget was prepared in accordance with the Michigan Uniform Accounting and Budget Act, as well as the Charter Township Act of Michigan. The budget is balanced, meaning revenues plus appropriated fund balances equal or exceed expenditures, and all funds have positive fund balances. This document reflects the cooperation and hard work of Delhi Township employees and the Delhi Township Board.

This budget has been prepared using direction from the Board of Trustees. The 2021 budget totals \$28,781,130 for all funds, up from \$27,467,560 projected for 2020. Most of the increase is due to the reduction of staff costs in 2020 by using furlough and Workshare options during the COVID 19 pandemic. Some capital projects were also delayed.

### Financial Challenges to Township Budgets

- Property taxes are the Township's largest revenue source. The ad valorem taxable value of real and personal property (from which property tax is levied) grew 2.68% in 2020. This is the seventh increase since 2008. However, when comparing the current ad valorem rate with that of 2008, 2020 taxable values are only 1.26% higher than those of 2008. The Headlee Amendment limits tax revenue growth. As property values rebound, the increase in tax is limited to a national inflation factor. This means that tax revenues are not able to recover at the same rate as rising property values. In fact, as a result of Headlee, the Township's operating millage has been reduced to 4.2899 mills, rather than the 5 mills authorized. It is expected that taxable values will continue to grow, but will not rebound as quickly as the cost of services increase. The short and long-term effect of the COVID-19 pandemic on property values is also currently unknown. The approval of all four millage proposals, effective in 2019, helps the Township sustain the current level of operations.

- Since 1998, the State of Michigan has distributed “revenue sharing” to local units of governments. Revenue sharing is comprised of two parts: a constitutional portion that was based on the State’s sales tax collection together with the local unit’s population, and a statutory portion that could be adjusted by the legislature or the governor. In 2001, the amount received by Delhi Township accounted for 35% of General Fund revenues. Since 2001, the amount received has fallen dramatically. Revenue sharing is expected to account for only 27% of General Fund revenues in 2021. Additionally, the statutory portion was eliminated in 2012 and replaced with a new program that has qualification requirements. Due to the pandemic, the August 2020 statutory payment was replaced with Coronavirus Relief Funding dollars. One uptick in this story of uncertain and declining state shared revenue was Delhi Township’s increase in population between the 2000 and 2010 censuses. The 2020 census is being affected by COVID-19, but will hopefully conclude with a continued increase in the Township’s population over the last 10 years. The Stay at Home order reduced sales tax revenue to the State. At the time of budget preparation, the total decrease in revenue sharing is uncertain.

- The number of building permits issued, as shown in the chart below, gives evidence of the activity in the residential and commercial markets. New residential construction increased in 2016 and has remained consistent since.

## Responses to the Financial Challenges

In 2008, the Township transitioned from a traditional health care plan to a high deductible plan with a health savings account (HSA). This significantly lowered our health care premiums. The annual increases in premium rates have also declined. Additionally, starting in 2010, new employees are enrolled in a retiree health care savings program. This creates a vehicle for providing retiree health care on a “pay-as-you-go” basis, eliminating post-employment benefit obligations for all full-time employees hired after January 1, 2010.

Staffing levels are continually evaluated. As employee vacancies occur, an evaluation is made regarding the needs of the department before we change, replace, add, or eliminate a full or part-time position. The use of interns, seasonal, contractual, and professional services has increased to reduce our overall personnel costs. During the COVID-19 Stay at Home order, the Township took advantage of the Work Share program and federally funded unemployment payments to reduce staff costs.

Traditionally, cost of living (COL) increases have been applied to annual employee compensation schedules. A market study was conducted in 2017, comparing Township wages and benefits to similar employers. The increases recommended have been fully implemented during fiscal years 2018, 2019 and 2020. Since 2016, full-time employees have the option of matching pension investments at a rate of up to 2.5%. This is in addition to the 10% of base salary the Township currently invests for full-time employees.

In 2018, Delhi Township voters approved the renewal of a 1.5 millage for fire services. However, as discussed above, the Headlee Amendment automatically “rolls back” the millage rate to equal the rate of inflation. This has reduced the approved 2020 millage rate to 1.4932 mills. The millage funding helps to offset costs associated with the fire department, which transitioned in 2003 from a part-time department, to a combination full-time/part-time fire/EMS department that offers advanced life support. The millage does not cover the entire costs of the fire department, so an annual transfer from the general fund is required.

Voters also approved the renewal of a 1.5 millage for police services. As in the case of the fire department millage, the Headlee Amendment also decreases the millage rate to 1.4932 mills. The Township contracts with the Ingham County Sheriff Department for police services. The cost per capita for this service is amongst the lowest in the region. The number of police officers provided to the Township via the contract was reduced by three in 2010, and in mid-2011 a School Resource Officer was added at the request of Holt Public Schools, which continues to be funded. In addition, the Sheriff places part-time deputies in the parks and on the trails during the summer months. The police millage does not fully cover the cost of providing this service, and an annual transfer from the general fund is required to fully fund it.

In 2018, voters approved a 0.5 millage for fire and emergency medical equipment and vehicles. As in the case of the other millages, the Headlee Amendment decreases the millage rate to 0.4990 mills. This four-year millage will provide funds to repair and replace fire, EMS and ambulance equipment and vehicles. The purchase of a pumper/ladder truck is planned for 2021.

In 2018, voters also approved a 1.0 millage for the Township’s parks, trails, and recreation facilities. Again, the Headlee Amendment decreases the millage rate to 0.9981 mills. This four-year millage will provide funds for restoring, operating, maintaining, acquiring, constructing, and equipping parks, trails, and recreation facilities. In 2021, the Parks millage will help fund the construction of the Hayhoe Trail, which will extend the township’s trail system to its southern border.

Although the economic factors described above, and surely new ones we will encounter in coming years, will continue to place strains on the limited resources of the Township, the proposed 2021 budget addresses the Township’s goals and objectives, while maintaining fiscal responsibility. The

following is a brief synopsis of some of the budgeted activities in the upcoming year:

### **General Fund**

Total expenditures in the General Fund are budgeted at \$6,173,070, which is \$797,010 more than the projected expenditures for 2020. The increase is mainly due to two factors. First, the Work Share program resulted in personnel savings in 2020. Secondly, the McCue Road improvement project is expected to take place in 2021 and is the culmination of several years' worth of local road dollars. This project will be paid for in part through the matching program administered by the Ingham County Road Department.

To enhance the quality of life for Township residents, the Township has been investing in non-motorized trails. Funded by various grants, as well as Township resources, and the sale of capital improvement bonds, the Sycamore Trail connects the Township's existing trail with Lansing's River Trail network. The partially grant funded Ram Trail, running along Holt Road, was completed in 2015. In 2016 the Non-Motorized Transportation plan was updated. In 2017 the Ram Trail II was completed, which was also funded with grant and general fund monies. See the Capital Projects Fund for detail on the Hayhoe Trail.

It is projected that expenditures and transfers-out will exceed revenues by \$638,450, leaving ending fund balance as a percentage of operating expenditures and transfers at 99%, which is above the 15% minimum target set by the Board.

### **Special Revenue Funds**

As mentioned previously, voters approved four millages in 2018, 1.5 mills for fire and 1.5 mills for police, 1.0 mills for parks, and 0.5 for fire equipment. (As noted above, all the millages are reduced due to the Headlee amendment.) Separate special revenue funds are established for each of these millages. The millages alone are not enough to support the fire, police, and parks activities. Thus, a transfer of \$637,060 from the General Fund to supplement the Fire Millage Fund, a transfer of \$1,654,310 to the Police Millage Fund, and a transfer of \$356,930 to the Parks Millage Fund will be necessary to cover the expenses of each fund.

### **Capital Projects Fund**

In 2018 and 2019, planning for the Hayhoe Trail was funded by the Ingham County Trail millage. Design and construction of the Hayhoe Trail will be funded from the same millage, private donation, and a contribution from the Parks Fund millage. It is expected to be completed in 2021. This trail will reach to the township's southern border, almost connecting the City of Mason with the Lansing River Trail network through Delhi Township.

### **Enterprise Fund**

The Sewer Fund derives most of its revenue from monthly sewer use fees and a flat sewer service charge. There has been a decrease in the amount of sewage processed which has lowered sewer revenues. In order to maintain sewer infrastructure, based upon our recent Asset Management study, our financial advisors recommend that utility rates be increased annually by approximately 3%, plus CPI. Due to the economic stresses caused by the pandemic, the 2021 budget reflects only a 2.2% increase for inflation. The asset management study identified several areas requiring maintenance and improvement and these are currently being completed using bond funding.

## **Downtown Development Authority**

Beginning in 2016, the Downtown Development Authority (DDA) increased revenue sharing with taxing units from 40% to 60%. The DDA assumed responsibility for the 2013 Capital Improvement bond, which funded the non-grant portion of the Sycamore Creek Trail construction. Bonds issued in 2016 are being used to buy and improve blighted properties, along with some infrastructure improvements. The DDA borrowed additional funds in 2017 to fund the Realize Cedar Project, which will encourage mixed development and revitalization along Cedar Street. The Farmers' Market is also supported by the DDA. The Farmers' Market has seen growth in the number of vendors and customers. The DDA continues to sponsor community concerts, Holt Fest, and supports many other projects to improve the quality of life while increasing tax base in our community. In the future, most of the DDA's revenue will be used to repay bond issues.

## **Long-term Debt**

The Township's rating from Standard & Poor's was upgraded from AA- to AA in 2014. We continue to sustain this rating. AA is a high rating, and reflects the Township's strong capacity to repay debt. Statutes in the State of Michigan limit the amount of general obligation debt a government entity may issue to 10% of its total assessed valuation. Special assessment bonds, revenue bonds, pollution abatement bonds for public health purposes, and water resources commission or court order bonds are not included for purposes of calculating the legal debt margin. The current debt limitation for the Township is \$95,795,328. The net-debt outstanding on 12/31/20 will be \$26,096,426 (\$36,246,426 total outstanding less \$10,150,000 in revenue bonds and special assessment bonds). This is 27% of the legal debt limit.

## **Conclusion**

Although we will continue to face fiscal challenges in the next year, I believe we have laid the groundwork for a fiscally responsible plan. I would like to thank the Township Board and our staff for their commitment to providing quality and efficient services to our citizens while ensuring fiscal responsibility.

Respectfully submitted,

*Tracy Miller*

Township Manager

## Township Profile

### Mission

Delhi Charter Township's mission is to provide a sense of community with prospering quality of life while continuing to ensure the health, safety and welfare of its residents and other citizens who live, work and engage in activities in our community.

### Form of Government

The Township was founded April 4, 1842 and is incorporated under the provisions of Public Act 359 of 1947 as amended. It became a Charter Township on September 18, 1961 and is now commonly referred to as Delhi Charter Township. It has seven members elected to the Board of Trustees, which includes a Supervisor (part-time), Clerk, Treasurer (part-time) and four Trustees. The Board of Trustees appoints the Township Manager. The Township Manager is responsible for hiring all department heads and employees.

Holt, the town site, is one of the oldest unincorporated communities in Michigan; with settlers that first arrived in 1837, and is located in the Charter Township of Delhi. Holt is neither a city nor a village. It is a zip code area. Holt was first named Delhi Center, but this conflicted with Delhi Mills in Washtenaw County. So in 1860 the name was changed to Holt, in honor of Postmaster General James Joseph Holt.

### Demographics

The Township encompasses approximately 28.5 square miles and is located just south of Michigan's State Capitol and the City of Lansing. The boundary for Delhi Township is Nichols Road on the south, Waverly Road on the west, College Road on the east, and then jogs along Jolly, Willoughby, and I-96 on the north. Annexations by the City of Lansing resulted in the jagged northern township boundary. It lies next to two major highways (I-96 and US 127) and is in close proximity to Michigan State University, Capital City International Airport, Lansing Community College, Davenport College of Business, Cooley Law School and two major hospitals.

### Services

There are many services provided by the Township. The Township provides full-time fire and ambulance services. Police protection is provided through a contract with the Ingham County Sheriff's Department. The Township's elected Park Commission oversees twelve parks maintained by the Township providing a number of recreational activities including playgrounds, baseball diamonds, beachfront swimming, bicycle and walking pathways, a sledding hill, a bike/skate park, a fishing dock, a kayak launch, and an outdoor amphitheater. An active senior program is provided, with most activities taking place in a LEED certified senior center building. Wastewater collection and treatment is the only utility owned and operated by the Township while public water and fire protection (hydrant) is provided by the Lansing Board of Water and Light. The Township maintains 3 cemeteries and facilitates public

improvements for other agencies including streets, sidewalks, street lights, and storm sewers. Planning, zoning, building, and code enforcement are other services provided by the Township.

### **Economic Statistics**

According to the U.S. Census Bureau, the residential population grew 17% from 1990 to 2000 with 19,190 residents in 1990 and 22,569 residents in 2000. Population grew by 15% from 2000 to 2010 with 25,877 residents in 2010 and in 2019 was estimated at 28,082. Delhi Township is the fourth largest local jurisdiction in population size within Ingham County, following the City of Lansing, East Lansing, and Meridian Township. The median age of township residents was 39.7 years in 2017.

From 1990 to 2000 the total number of housing units increased by 1,505 units. By 2000, the total number of occupied housing units in Delhi Township was 8,563. By 2019, that number rose to 11,330. Of that number, 7,940 were owner-occupied housing units, 2,937 were renter-occupied housing units, and 453 units were vacant.

The northeast area of the township, north of I-96 and south of Jolly Road along both sides of Pine Tree Road experienced significant commercial growth since 1990. We expect growth to continue in these areas along with several other economic corridors in the township (M-99 between Bishop and Waverly Road, Holt Road between Depot and College, and Cedar Street).

In 2000, 90.1% of the population over 25 years had at least a high school diploma and 26% held a college bachelor's degree or higher. By 2018, 96.3% of the population had at least a high school diploma and 36.9% held a bachelor's degree or higher.

The median household income rose from 2010 to 2018. The median household income in 2010 was \$57,706. In 2018, it was \$64,555. Per capita income in 2010 was \$27,745 and \$32,236 in 2018.

In 2018 9.7% of families were below the poverty level. The jobless rate for Delhi Township in 2019 was 2.1% of the labor force, down from 2.8% in 2018. Ingham County's 2019 rate was 2.7% and the State of Michigan was 3.9%. Thus far for 2020 (through June), the jobless rate in Delhi Charter Township averaged 9.0% largely due to the Coronavirus National Pandemic. The average during that same time in Ingham County was 11.6% and the State of Michigan was 14.8%.

### **Economic Development**

Delhi Charter Township has been very attractive for residential, commercial, and industrial growth. Although growth has slowed recently, since most of the Township is still undeveloped and has a Class A National Blue Ribbon School system with over 5,800 students, it is anticipated that there will be growth in each of these three areas in the future.

**Delhi Township Major Employers - 2020**

| <u>Employer</u>               | <u>Product or Service</u>       | <u>Employees</u> |
|-------------------------------|---------------------------------|------------------|

## Readers' Guide

As you review the budget document, you will note that there is a tab for each fund type as well as tabs for Introductory and Supplemental Information:

- Introduction
- General Fund - Fund 101
- Special Revenue Funds
- Debt Service Fund
- Capital Projects Fund
- Enterprise Fund
- Component Unit Funds
- Supplemental Information

There are five special revenue funds:

1. Fire Fund – Fund 206
2. Police Fund – Fund 207
3. Parks, Trails, and Recreation Fund – 208
4. Fire EMS Equipment and Vehicle Fund - 211
5. Water Improvement Fund – Fund 225

There is one debt service fund

1. 2017 Special Assessment Street Improvement Debt Service – Fund 852

There is one capital projects fund

1. Capital Projects Fund - 409

There is one enterprise fund:

1. Sewer Fund – Fund 590

There are two component units (DDA and Brownfield) with 6 funds:

1. Downtown Development Authority (DDA) – Fund 248
2. Brownfield Redevelopment Fund – Fund 243
3. DDA – 2016 Refunding Debt Service – Fund 391
4. 2016 DDA Development Debt Service Fund-Fund 395
5. 2017 DDA Development Debt Service Fund-Fund 397
6. Local Brownfield Revolving Fund – Fund 643

Each fund contains an explanation of the services it performs with a description of its revenues and a summary of budgeted revenues.

Most funds are further divided into departments. For instance, there is a Treasurer's Department and a Clerk's Department, among others, in the General Fund. When applicable and obtainable, each department contains:

- Organizational Chart
- Staffing Summary
- Goals and Objectives
- Explanation of Activities
- Performance Indicators
- Summary of Budgeted Expenditures

## Delhi Charter Township Fund Structure

**GOVERNMENTAL FUNDS** are used to account for functions of the Township that are principally supported by taxes, and intergovernmental revenues. The governmental activities of the Township include legislative, general government, public safety, public works, and community development. All governmental funds use the modified accrual basis for budgeting and accounting whereby expenditures are recognized when the goods or services are received and revenues are recognized when measurable and available to pay expenditures in the current accounting period.

**General Fund** accounts for all general government activity not accounted for in other funds. It includes most tax revenues and expenditures for administration, assessing, and community development.

**Special Revenue Funds** are used to account for revenues derived from specific taxes or other earmarked revenue sources which, by law, are designated to finance particular functions of government and which

therefore cannot be diverted to other uses. The Township has five special revenue funds, described below.

*Fire Fund* is used to account for a tax levy for the purpose of providing fire protection.

*Police Fund* is used to account for a tax levy for the purpose of providing police protection.

*Parks, Trails, and Recreation Fund* is used to account for the tax levy to maintain and improve the Township's recreational infrastructure and activities.

*Fire EMS Equipment and Vehicle Fund* is used to account for the tax levy to purchase Fire and EMS Equipment.

*Water Improvement Fund* is required by Township ordinance to account for revenues raised for the construction, extension, and maintenance of the water supply system.

**Capital Projects Fund** accounts are used to record funding and expenditures for capital projects. Receipts and expenditures for the Holt to Mason Trail will be recorded in this fund for years 2020 thru 2021.

**Debt Service Fund** accounts for governmental debt activity. The Township's debt service fund is for the repayment of the Street Improvement Bonds issued in 2017.

**ENTERPRISE FUNDS** are used to account for activities that receive a significant portion of their revenues through user fees. The Township has one enterprise fund - the Sewer Fund. The Township uses the accrual method of accounting for its enterprise funds but uses the modified accrual basis for budgeting. This is done so capital items can be budgeted, which would not be so under the accrual method where capital purchases are capitalized.

**Sewer Fund** records the revenues and expenses needed for the operation and maintenance of the sewer system.

Note: The General Fund and Special Revenue Funds are the only funds required to have legally adopted budgets, although budgets for all funds listed above have been adopted by the Board.

## **Budget Process**

The budget process begins in April when the Community Development Director distributes the current Capital Improvements Program (CIP) document and Capital Request Project Forms to department directors for them to update. Meetings are held with the Community Development Director and each department director, resulting in an updated document.

In June, the Planning Commission holds a public hearing and adopts the CIP. Also in June, a township board meeting is held where each department director presents his/her goals, objectives, and planned capital outlay for their department. The township board then meets and develops the township-wide goals and objectives.

In early July, budget request forms and other budget documents are distributed to department directors. Department directors submit their completed budget requests/forms to the Accounting Department in mid-July and the budget document is compiled. The Township Manager reviews each department's request and meets with each department director to determine the recommendation to the board.

The recommended budget is submitted to the Board by September 1<sup>st</sup>. A budget workshop is held in September where department directors present their budgets to the township board. A public hearing on the budget is held in October and the township board adopts the budget in November.

Since a budget is a plan, and plans may change for a variety of reasons, budget amendments are typically requested throughout the year, usually 2-3 times.

## 2021 Budget Calendar

|                         |                                                                                                                |
|-------------------------|----------------------------------------------------------------------------------------------------------------|
| April 27-May 1          | Department Head CIP meetings with Township Manager                                                             |
| May 11                  | Planning Commission Public Hearing and action on CIP                                                           |
| June 16                 | Board of Trustees to discuss guidelines/assumptions at the Committee of the Whole meeting                      |
| July 2                  | Township goals, budget schedules, forms and assumptions distributed to Department Heads                        |
| July 21                 | Departmental goals, indicators and budgets with backup and narratives submitted to the Accounting Department   |
| July 27-31              | Budget requests reviewed with Department Heads                                                                 |
| August 1-31             | Budgets compiled, analyzed & adjusted for submission of balanced budgets to Board of Trustees by September 1   |
| August 18               | Board of Trustees set tax levies (property tax millage is included in budget hearings)                         |
| August 25               | DDA Board reviews proposed Budget prior to Board of Trustees Workshop to be held on September 8                |
| September 8 (8 am-4 pm) | Department Heads present Budget to Board of Trustees at their Budget Workshop                                  |
| September 29            | DDA Board sets Public Hearing for October 27 for the DDA Budget                                                |
| October 6               | Board of Trustees sets Public Hearing for October 20                                                           |
| October 7               | Township sends Notice of Public Hearing to Community Newspapers for publication                                |
| October 7               | DDA sends Notice of Public Hearing to Community Newspapers for publication                                     |
| October 11              | Notice of Board of Trustees Public Hearing (to be held on October 20) is published in the Community Newspapers |
| October 11              | Notice of DDA Public Hearing (to be held on October 27) is published in the Community Newspapers               |
| October 12              | Budgets are available for Public Inspection (seven days prior to public hearing)                               |
| October 20              | Board of Trustees holds Public Hearing on the 2021 General & Special Revenue Funds Budgets                     |
| October 27              | DDA Board holds Public Hearing and acts on the 2021 DDA Budget                                                 |
| October 28              | DDA submits Budget to Board of Trustees for approval                                                           |
| November 17             | Board of Trustees act on the 2021 Budgets (Township and DDA)                                                   |
| November 24             | DDA Board acts on the 2021 DDA Budget                                                                          |

## **Budgeting and Financial Policies and Procedures**

### **Audit**

An independent audit will be performed annually.

### **Audit Committee**

The Township has established an Audit Committee which receives the audited financial reports and makes recommendations, if any, to the Board.

### **Budget Approval, Monitoring, and Amendment**

The Township Board approves budgets by revenue source (e.g. taxes, charges for services) and department. Adherence to the budget is ensured through the practice of monthly financial report distribution to the Board and Department Heads. Budget transfers up to \$10,000 between departments may be made by the Township Manager and reported to the Board at the next regular Board meeting. Proposed budget amendments are presented to the Board as needed.

### **Budget Guidelines**

The Township is subject to the accounting, budgeting, and auditing requirements contained in State of Michigan Public Act 2 of 1968, as amended. Some of the key components of this Act include:

1. Budget hearings must be held prior to final approval of the budget.
2. The Township Board will adopt budgets for the General Fund and each Special Revenue Fund.
3. Budgeted expenditures shall not exceed budgeted revenues plus unappropriated surplus.
4. Expenditures shall not be made in excess of the amount authorized in the budget.
5. Budget amendments must be made when necessary and the Township Board must approve the amendments before expenditures exceed the budget.

### **Capital Assets**

The Township has adopted guidelines for the proper accounting and reporting of capital assets which includes setting the capitalization of assets at \$5,000.

### **Capital Improvements Program**

The Township has a schedule of projects and related equipment over \$25,000 to be built or purchased over the next 6 years. The schedule suggests an order of priority for those projects with the anticipated means of financing each project.

### **Cash Deposits**

The Township has established uniform guidelines for the collecting and depositing of funds for all departments including the practice of providing a receipt to each customer that pays monies to the Township other than mail receipts.

### **Debt Policy**

General obligation debt will not be in excess of the State of Michigan's legal limit of 10% of the current state equalized value of real and personal property. Long term debt will not be incurred to support current operations.

### **Five-Year Forecast**

A five-year forecast of revenues and expenditures in the General Fund will be performed annually. The forecast will include estimated operating costs of future capital improvement.

### **Investment Performance**

An investment performance report will be issued quarterly.

### **Investment Policy**

The Township has adopted an investment policy to provide the highest investment return with the maximum security while meeting the daily cash flow needs of the Township and complying with all state statutes. Except when prohibited, cash balances will be consolidated to maximize earnings.

### **Purchasing Policy**

Department heads are authorized to purchase materials and services up to \$2,500 if funds are available within their departmental budget. Purchases in excess of \$2,500 shall be approved by the Township Manager. Purchases and contracts over \$20,000 shall be approved by the Township Board.

### **Multi-Year Forecasting**

Budget forecasts for future years beyond the adopted current budget year are included. This enables the Township to better anticipate longer range financial impacts such as planned expenditures and anticipated revenue needs. Multi-year budgeting helps the Township be pro-active and forward thinking, rather than reacting each year.

### **Reserve policy**

The Township will strive to maintain an unrestricted fund balance in the General Fund of no less than fifteen (15) percent of General Fund operating expenditures. Operating expenditures are defined to include recurring operating transfers and exclude nonrecurring capital outlay.

### **Safeguarding Assets**

Accounting and budgetary control systems will be developed and maintained to adequately safeguard the assets held in public trust.

## Board Goals and Objectives

### I. Overview

The Board had intended to engage the services of Lew Bender to perform a comprehensive program for the refinement and development of Board goals for 2021 and beyond. However, due to the onset of COVID-19, there was no opportunity to complete this public process while protecting the health and safety of Board members, staff and the public. Therefore, the process has been postponed, but is presently anticipated to occur in 2021, for 2022, and going forward.

For 2021, staff has listened to Department Heads and the Board, using the information gathered, this update and tweak to the existing goals is presented. Given the “holding pattern” created by a global pandemic, this is a reasonable approach for 2021.

### II. BOARD VISION TOUR

#### A. Awareness of public safety, community, entertainment, arts and gathering.

- *As restrictions are lifted, the Township and DDA will endeavor to restart important community entertainment, arts and gathering opportunities such as Movies in the Park and Music in the Garden. The Board recognizes that this can only occur as it is safe to do so.*
- *The Board will continue to support the use of the Fire and Police millages, passed by voters in 2018, in a manner that is fiscally responsible and transparent.*

#### B. Increase opportunities for community interaction through activities and destination events.

- *Again, the Board’s ability to achieve this vision will be modified as necessary due to COVID-19. This remains a priority.*

#### C. Increase communication and awareness of the accessibility and connectivity of our community.

- *The Township has significantly increased the distribution of information using social media channels and via the e-news. Unlike a traditional print media, the e-news can be pushed to interested residents/businesses anytime it is advisable to do so. This has increased the timeliness and usefulness of communications. A number of formal press releases have also been issued to inform the public about Township matters. We have had success in receiving coverage as a result of these releases. The Township will continue to use these outlets, and explore new ones, to insure that the community is informed.*

#### D. A strong connection between the Township and school district.

- *The strong connection between the Township and school district continues to be favorable.*

**E. Downtown – restaurants, retail, apartments.**

- *With the completion of the Realize Cedar infrastructure project, continue to actively encourage the development of “downtown” uses in the corridor.*
- *Support activities of the DDA, such as the digital support program, that will help local businesses recover from COVID-19.*

**F. Trails and sidewalks creating connectivity..**

- *The Holt to Mason Trail, named the Hayhoe Trail, is underway. This trail is made possible by funding awarded by Ingham County.*

**G. Realize Cedar Street – A new Cedar Street with vibrant businesses and residential living providing a place for community activity.**

- *This will continue to remain a priority. The DDA will be making a number of smaller, but important improvements, including the addition of a formal overflow parking area where Happy’s Inn used to be.*

**H. Collaborative community engagement.**

- *Community engagement and input will continue with the goal of continual and appropriate improvement.*

**III. MAJOR GOALS AREAS (Not in Order of Priority)**

**1) Connectivity – Community Life**

- a. Downtown destination – retail, restaurants and unique residential opportunities.
  - The DDA and Township staff is always working on this goal and will continue to do so.
- b. Parks – continue improvements necessary to enhance and maintain existing parks.
- c. Trail and sidewalk connections
  - Implement Safe Routes to School project.
    - *Construction of this project was completed in 2020.*
  - Evaluate potential for sidewalk construction to create connectivity to the trails.
    - *The Township will work with the Ingham County Road Department to investigate the addition of sidewalk along Willoughby Road as a part of the County’s road improvement project in the next year or two.*
  - Continue to provide sidewalk and ramp inspections/repairs throughout the Township.
    - *Staff will be recommending changes to the 50/50 sidewalk program that, if made, would impact the 2021 project. The goal of the changes, while potentially not permanent, would be to make the program more user friendly for property owners.*
- d. Activities and Events
  - Continue to develop a successful volunteer bureau
  - Develop/increase engagement and participation in community activities and events.

2) Community Engagement

a. Increased/expanded ongoing two-way communication

- Public participation in strategic planning through workshop opportunity
  - *Continue to keep community informed prior to the start of projects.*
- Create surveys on events and Township services to obtain community input
  - *Continue to monitor when surveys on events could be beneficial.*

b. Increased awareness of Township government and community events

- Work with schools on presenting to youth what township government entails
  - *Continue to identify opportunities. However, COVID-19 has made this difficult due to restrictions on in person learning.*
- Provide Township information and receive feedback at various community events, as opportunities arise.

3) Infrastructure

a. Realize Cedar Street

- *Continue to encourage use of this area and quality development within it.*
- *Expand holiday lighting.*
- *Install a sculpture at the Cedar/Keller Road corner, if grant funds are available.*

b. Pedestrian/Road Improvements

- *Mid-Block Pedestrian Crossings*
  - *Mid-Block Pedestrian Crossings on Aurelius and Holt Roads*
- Create Wayfinding System
  - *Trail wayfinding signage has been installed by Ingham County along each route. The wayfinding points out areas of interest to trail users.*
- Continue to implement ADA Transition Plan
  - This task is ongoing
- Maintain and repair existing sidewalks through cost-sharing program
  - *Sidewalk maintenance and repair is a continued effort*
- Construct sidewalks and key sidewalk connections when funding is available, as part of road improvement projects planned by Ingham County.

**All Funds Combined Summary  
Revenues, Expenditures, and Fund Balance  
2021**

| Description                                         | General Fund        | Special Revenue    | Capital Projects   | Debt Service     | Enterprise Fund      | Component Units     | Total                |
|-----------------------------------------------------|---------------------|--------------------|--------------------|------------------|----------------------|---------------------|----------------------|
| <b>Revenue</b>                                      |                     |                    |                    |                  |                      |                     |                      |
| Taxes                                               | \$ 3,624,450        | \$ 3,706,500       | \$ -               | \$ -             | \$ -                 | \$ 2,346,830        | \$ 9,677,780         |
| Licenses and Permits                                | 352,600             | -                  | -                  | -                | 369,900              | -                   | 722,500              |

## Township Debt

The Township may legally borrow money through a variety of mechanisms and for varying purposes:

### General Obligation Bonds

These bonds provide funding for the acquisition and construction of major capital improvements. The Township government pledges the full faith and credit of the government to repay the debt.

- In 2008, the Township issued \$9,980,000 for construction of a new senior center, sanitary sewer improvements by Delhi NE and Depot Roads and Cedar Heights neighborhood, sidewalks and lighting along Holt Road, and landscaping for a plaza at Holt and Aurelius Roads. The Sewer Fund assumed \$1,000,000 of the debt and the Downtown Development Authority assumed \$8,980,000. The bonds maturing after 2018 were replaced by a refunding bond in 2016. The 2016 bond issue was for \$5,000,000, maturing in 2024. The DDA assumed \$4,498,998 of the debt, and the Sewer Fund assumed the remaining \$501,002.
- In 2013 the Township issued \$1,200,000 in bonds to partially fund construction of the portion of the non-motorized trail which connects the existing trail with the City of Lansing's trail network. The DDA reimburses the Township for the payments on these bonds, which mature in 2024.
- In 2014 the Township issued \$1,585,000 in refunding bonds to defease the 2003 Sewer Capital Improvement bonds. The new bonds mature in 2024. Debt payments are made from the Sewer Fund.
- In 2016, the Township issued refunding bonds totaling \$2,490,000 for water and sanitary sewer improvements. The bonds mature in 2022. The Water Improvement Fund assumed \$414,585 of the debt for improvements by Waverly and Holt Rd and the Sewer Fund assumed \$2,075,415 for various sewer projects.
- In 2016 the Township issued \$1.5 million in taxable bonds to develop and improve land and infrastructure in the DDA district. The repayment of the bonds will come from DDA revenue.
- In 2016 the Township issued \$4,084,165 in Qualified Energy Conservation bonds for various energy saving projects throughout the Township. The debt will be shared by the Sewer Fund and the General Fund, allocated according to the cost of the various projects.
- In 2017 the Township issued \$6.75 million in bonds to develop and improve land and infrastructure in the DDA district, focusing on the Cedar Street corridor. The repayment of the bonds will come from DDA revenue.
- In 2018 the Township borrowed \$7,500,000 for improvements to the Sewer system. The bonds mature in 2037. Payments will be made from the Sewer Fund.

### Revenue Bonds

These bonds are secured by the revenues generated from the facility financed by the bonds.

- From 2007-2010 the Township borrowed \$9,850,000 State Revolving Loan Fund to finance sewer improvements. The bonds mature in 2028.
- From 2010-2015, the Township borrowed \$8,400,000 from a second State Revolving Loan Fund to finance improvements to Lift Station D. The bonds will mature in 2032.

### Other

- The Township is assessed by the Ingham County Drain Commission for multi-year drain assessments. At 12/31/19 the Township had a balance of \$2,713,119 for ten the largest assessments. The final payment is in 2037. Payments are made from the General Fund.

- In 2017 the Township sold \$348,000 of special assessment bonds for street improvements. The repayment will be funded by assessments on the benefitting property owners. The bonds mature in 2032.
- In 2017 the Township entered into a five-year capital lease for the purchase a vector truck for the sewer system. After accounting for the trade in value of the old vector and the down payment, \$266,947 will be financed at 2.84% over the 5 years.

The debt for charter townships in the state of Michigan is legally limited to 10% of the assessed value of all real and personal property in the Township and excludes revenue bonds and special assessment bonds when calculating net direct debt. Delhi Township's projected net debt outstanding of \$26,096,426 is 27% of the legal debt limit of \$95,795,328.

## **GENERAL FUND (101)**

The General Fund accounts for the ordinary activities of the Township that are not accounted for in another fund. General Fund activities are financed by revenue from general property taxes, state-shared revenue, and other sources.

There are currently fourteen departments (also referred to as “Activities”) in the General Fund. They are:

- Legislative
- Manager
- Accounting
- Clerk
- Information Technology
- Treasurer
- Assessing
- Elections
- Buildings and Grounds (includes cemeteries)
- Storm Water
- Infrastructure
- Community Development
- Debt Service
- Transfer Out

### General Fund Revenue

### General Fund Expenditures by Function

## GENERAL FUND REVENUES

### **Property Tax 403.000**

Property tax is calculated by multiplying the Township's taxable value by its operating millage. The assessing department determines the Township's taxable value and its operating millage. The township's total taxable value (including DDA and Brownfield portions) for 2021 is 823,053,204. The millage rate is 4.2981. Multiplying the taxable value by the millage rate results in 3,537,565. However, 40% of the taxes collected on properties within the DDA go to the DDA. The properties within the DDA have a taxable value of 207,763,072. This reduces the Township's property tax revenue by \$356,513. Additionally, the properties that qualify under the Brownfield Redevelopment Authority have 12,860,467 of taxable value, which reduces the Township's property tax by another \$55,170. The estimated tax revenue was also reduced by \$12,000 for delinquent personal property taxes and by \$5,000 for Board of Review and Tax Tribunal adjustments. The net estimated property tax revenue for 2021 is \$3,100,000.

### **Industrial Facilities Tax 404.000**

The parcels that qualify for the Industrial Facilities Tax receive a 50% reduction in taxes or 2.1491 mills instead of 4.2981 mills. The taxable value for those properties is 2,458,055. Additionally, most of the parcels are in the DDA, so the Township collects 40% of the 50% tax on those parcels. 2021 revenue is budgeted at 3,200.

### **Trailer Park Fees 423.000**

The Township has 3 trailer parks and receives \$.50 per trailer per month. Trailer park fees are budgeted at \$6,000 for 2021.

### **Delinquent Tax 445.000 & 445.005**

When personal property tax is not paid timely, the subsequent payment, interest, and penalty is recorded here. It is difficult to predict how much will be collected and therefore a conservative estimate of \$36,000 has been made for 2021.

### **Property Tax Administration Fee 447.000**

The Township receives 1% of all taxes collected for property tax administration. While property tax revenue is recognized in the year following the warrant (2021 revenue is based on the taxable value on the 2020 warrant), the corresponding administrative fee is recognized in the year of the warrant (2020). Since the 2020 warrant won't be known until late 2020, the administrative fee of \$470,000 is estimated.

### **Building Permits 451.000**

\$7 is charged per \$1,000 of valuation with a \$60 minimum. Estimated revenue for 2021 is \$150,000.

### **Soil Erosion & Sedimentation Control Permits 453.000**

Construction is one of the major causes of erosion in Michigan. This program was implemented to reduce the pollution of Michigan waters by regulating management practices where there will be an earth disturbance. Fees vary by amount of soil disturbance, residential/commercial, etc. Estimated revenue for 2021 is \$30,000.

**Electrical, Plumbing, and Mechanical Permits****455.00 456.000 457.000**

Permits (with some exemptions) are required before work can be done. Fees vary by item description, size, etc. Estimated revenues are projected at \$141,000 for 2021.

**Local Community Stabilization****573.000**

In 2014 the State passed legislation which exempted certain commercial and industrial personal properties from local taxation. The State distributes funds to local communities to replace this lost revenue.

**State Shared Revenue****574.020 & 574.021**

The State of Michigan "shares revenue" with its local municipalities. There are two components to state shared revenue – constitutional and statutory. Constitutional revenue is based on the Township's population and the statewide sales tax collection. Statutory revenue is based on a variety of factors. The State of Michigan usually publishes projections upon which this line item is based. Due to the uncertainty in the economy, compounded by the COVID 19 slow down, conservative estimates have been made by the Township. Constitutional is budgeted at \$2,125,000, and statutory revenue at \$92,100.

**Returnable Liquor License Fees****574.030**

The Township receives 55% of the liquor license fees paid to the State of Michigan Liquor Control Division by Delhi Township businesses which is estimated at \$11,000.

**State Shared Revenue – Right of Way****574.040**

The State of Michigan collects an annual right of way fee from all telecommunications providers that use public right of ways. The State then distributes these fees, based on a formula, to municipalities. The budget for 2021 is \$13,000.

**District Library Contributions****587.000**

The Capital Area District Library reimburses the Township for utility and maintenance costs. The budget for 2021 is \$13,100.

**Rental Registration and Inspection****620.000**

All rental properties are charged a registration fee of \$110 per parcel plus \$33 per unit every 2 years which is intended to cover the costs of biennial inspections. Re-inspection fees, new rental origination fees, etc, are also charged here. The budget for 2021 is \$90,000.

**Cemetery Burial Fees****634.000**

Burial fees, foundation fees, cremation fees, and disinterment fees are charged to this account. All fees are paid to the Clerk's office in accordance with rates adopted by the Board on 6/6/2000. 2021 revenue is budgeted at \$26,000.

**Cemetery Lot Sales****635.000**

Lots sold to residents are \$750 and \$1,400 to non-residents. Sales are made through the Clerk's office. Revenues are projected to be \$24,000.

**Interest 664.000**

This account includes interest paid on all General Fund bank deposit and investment accounts. It is difficult to determine future interest rates. The Township has taken a conservative approach and budgeted \$50,000 for 2021 revenue.

**Streetlight Special Assessment 672.010**

The annual electrical cost of a taxpayer's streetlight is added to the taxpayer's bill each year and recognized as revenue to the Township in the subsequent year.

**Blacktop & Road Special Assessment 672.020**

The Township has road special assessment districts where the Township has paid for blacktop improvements. The taxpayers in these special assessment districts are billed for these costs over time and are charged principal and interest on their tax bills, which the Township records as revenue in December.

**Cable Franchise Fees 694.020 & 694.025**

The Township has contracts with Comcast & AT&T that expire in 2029 and 2028 respectively, whereby both pay the Township 5% of their cable revenues earned within the Township.

**Board of Water and Light Franchise Fee 694.030**

The Township receives 4% of the BWL electricity revenue within the Township.

**Cost Allocation from the Sewer Fund 699.030**

A number of services, like payroll, accounts payable, sewer billing, etc. are provided to the Sewer Fund by General Fund employees. Using the loaded rate for those employees, the actual costs were calculated in 2015, and have been increased by cost of living each year. The 2021 allocation is adjusted downward by \$20,000 due to brush drop off costs being moved from the General Fund to the Sewer Fund.

## Revenue Trends

Property tax revenues increased steadily until 2009, due to both the increase in taxable value and new development. Since 2009, taxable value dropped dramatically, and development slowed due to the economic recession. Tax revenue began increasing in 2014, but growth in revenue is depressed due to the Headlee override which limits tax increases.

The amount of state revenue sharing received by the Township is based on a formula using sales tax, population, and other factors. 2020 & 2021 amounts are expected to decrease due to the economic slowdown caused by the coronavirus.

## Revenue Trends

The Township receives 1% of all tax collections as an administration fee. As property taxes increase and decrease, the administration fee follows that trend.

### 2021 General Fund Expenditures by Department

## DEPARTMENT - Legislative (101)

### Purpose or Objective of this Department:

Provide legislative leadership and management support for Delhi Charter Township.

### Activities of this Department

Expenditures in this activity include Supervisor and Trustees' salaries, education, training, and travel; miscellaneous expenditures related to Township Board activities; dues for Township membership in organizations that support activities of the Township.

### Year 2021 Goals

1. Provide leadership to protect the health, welfare, and safety of Township residents.
2. Provide leadership to promote regional cooperation/collaboration in the area of transportation, public safety, library services, water, sewer, and other environmental/social issues.
3. Provide leadership to enhance the quality of life along with creating a sense of place for Township residents.
4. Encourage Board members and members of other Boards and Commissions to participate in training workshops and conferences.
5. Provide effective communication to residents through the township website, newsletters and media.

### Resources Needed

The attached year 2021 budget requests expenditures of \$254,620, an increase of \$145,210 from the 2020 projected actual expenditures. The increase is due largely from the addition of estimated costs for broadcasting board meetings. This budget includes continued memberships in Michigan Townships Association, Michigan Association of Township Supervisors, Holt/Dimondale School Business Alliance, Capital Area Safety Council, Michigan Municipal League, and the Lansing Economic Area Partnership.

The 2022 forecasted budget is currently suggesting total departmental expenditures of \$246,180, which would be a decrease from 2021 primarily because 2021 included costs for Board goals and objectives workshops. In 2023, the department forecasts expenditures in the amount of \$247,770 which is an increase over 2022 of \$1,590, due primarily to inflationary factors. Forecasts are subject to refinement in future budget years, but the inclusion of them now helps to more effectively plan for the future.

\*Treasurer and Clerk are budgeted in other departments.

## DEPARTMENT - Manager (171)

### Purpose or Objective of this Department

To administer and implement the Goals and Objectives of the Township Board through the effective use of available personnel, financial, and physical resources.

### Activities of this Department

Manage the revenues and expenditures of the General Fund, Sewer Fund, Fire Fund, Police Fund, Fire Equipment and Water Improvement Funds. Provide personnel and benefit administration services.

### Year 2021 Goals

1. Schedule joint meetings with other township boards and commissions to discuss and share mutual visions and goals.
2. Work with the Downtown Development Authority (DDA) to expand our tax base.
3. Recruit and retain employees that can best meet the needs of our Township departments.
4. Evaluate current and future Township-wide staffing needs.
5. Continue to evaluate township-wide salary and benefits.
6. Continue to incorporate Capital Improvement Plan into the annual budget.
7. Continue to update a 5 year budget plan.

### Resources Needed

The 2021 budget requests expenditures of \$574,170, which is an increase of \$198,900 from 2020 projected actual expenditures. The significant increase for 2021 includes expenses such as communication consulting, retiree benefits and the Township's liability insurance and bonds which were previously budgeted for under Other Functions. This budget also reflects the cost of three full-time staff members (Township Manager, Director of Human Resources, and Executive Assistant) to meet its goals and objectives. The 2022 forecasted budget is currently suggesting total departmental expenditures of \$584,550, which would be an increase from 2022 primarily for inflationary factors. In 2023, the department forecasts expenditures in the amount of \$596,530 which is an increase over 2022 of \$11,980, due primarily to inflationary factors again. Forecasts are subject to refinement in future budget years, but the inclusion of them now helps to more effectively plan for the future.

## DEPARTMENT - Accounting Department (191)

**PURPOSE OR OBJECTIVE OF THIS DEPARTMENT:** Provide accurate, meaningful, and accessible financial information to stakeholders. Safeguard Delhi Charter Township's assets by maintaining and monitoring internal controls. Ensure that the payroll, accounts payable and budgeting operations of the Township are carried out effectively and efficiently.

**Activities of this Department:** Publish financial statements, maintain the general ledger, calculate cost allocations between funds, prepare and publish annual budgets and periodic amendments, reconcile bank statements, and file required reports with the State and Federal governments. Oversight responsibilities as to accounting, payroll, accounts payable and financial matters affecting all departments. These activities aid the Board in meeting their goal of maintaining fiscal integrity and increased efficiency.

### Year 2021 Goals:

1. Provide reliable and relevant information to decision makers
2. Publish and monitor the budget, communicating variances
3. Continue to properly apply accounting principles and receive a clean audit
4. Promote the use of technology to increase effectiveness and efficiency
5. Refine multiyear budgeting process, update the five-year projections

### Resources needed:

The fiscal year 2021 budget request is for \$185,840 an increase of \$31,950 from the projected 2020 budget. Most of the increase is due to inclusion of retiree expenditures and an actuarial study previously budgeted elsewhere. The 2022 and 2023 forecasts both increase 2% from the previous year due to estimated inflationary factors. The 2021-2023 budget/forecasts include a contracted Director and a full-time Accounting Technician. Fifteen hours of accounting activities performed by staff in the Manager's Office are allocated to the Accounting Department.

## DEPARTMENT - Clerk (215)

### Purpose or Objective of this Department

To serve the citizens and employees of Delhi Township by effectively providing a broad range of services in the office, online and through public outreach.

### Activities of this Department

- Provide records management through physical file storage and document imaging as the Township's central record keeper in accordance to the State of Michigan Record Retention Schedule; publish and post legal notices.
- Record Township board meetings, committee meetings and special meetings and prepare minutes; ensure necessary functions are performed following board meetings.
- Cemetery administration; collect fees and prepare documents for cemetery related operations.
- Answer main telephone line for the Township and greet customers.
- FOIA Coordinator.
- Voter Registration and Election Administration.
- Notary Public service.
- Issue Transient Sales Licenses.
- Provide complete passport services.

### Year 2021-2023 Goals

1. Continue in-depth cross training of staff.
2. Explore various alternative burial options for Maple Ridge Cemetery.
3. Implement interactive mapping for Township cemeteries with links to file information.

### Resources Needed

The 2021 budget shows 2020 projected expenditures to be \$294,810 a decrease of \$19,350 from 2020 budgeted expenditures. This is due to participation in the Work Share Program and reduction in other line items such as passport postage, publishing and education due to COVID-19 shutdown. 2021 requested expenditures are \$380,250. This increase is due to cost of living salary increases and reclassification of general fund postage and retiree benefits and other line items that were not in the Clerk budget in previous years. The 2022 forecasted budget is currently suggesting total departmental expenditures of \$391,600. In 2023, the department forecasts expenditures in the amount of \$403,440. Increases for 2022 and 2023 are due primarily to inflationary factors. Forecasts are subject to refinement in future budget years, but the inclusion of them now helps plan for the future.

**DEPARTMENT - Information Technology (228)**

**PURPOSE OR OBJECTIVE OF THIS DEPARTMENT:** Maintain functionality of computer systems, printers and networks for the Community Services Center, Maintenance Facility, Wastewater Treatment Plant, Downtown Development Authority, and Sam Corey Senior Center. Also, to provide GIS mapping products to various departments to increase efficiency and productivity. Provide GIS to the public as a means of information dissemination.

**Activities of this Department:** Responsible for purchasing all Township computers and software and repair and support services; maintaining and upgrading existing equipment; Help-desk functions for all Township personnel and computer programs; maintain inventory of all computer systems. Keep up with GIS technology and maintain a useful GIS database for employees.

**Year 2021 Goals:**

1. Upgrade web-based GIS so that maps no longer use Adobe Flash. This will also require upgrading the SQL database software on our BS & A server.
2. Support the initiatives of other departments, including overseeing a change in how the Treasurer receives data from the Lansing Board of Water & Light.

**Resources needed:** The attached year 2021 budget reflects expenditures of \$303,550, an increase of \$44,000 from the 2020 projected budget expenditure of \$259,550. The increase reflects the department's intent to continue upgrading computer equipment and the rising costs of maintaining our business software. 2022 and 2023 budget forecast numbers are modest increases (\$311,230 and \$317,050 respectively) based on increasing costs due to inflation. Additionally, retiree benefits and general office supplies have been added to the IT budget due to the elimination of the other functions department. No capital improvement projects are forecasted through 2023, but the server in the Community Services Center will probably need to be replaced around 2025.

**Indicators of Departmental Objectives/Goals:**

1. Reduce number of lost hours due to computer related failures.
2. Increase network/server up time.
3. No data breaches due to a cyber security event.
4. Prevent lost hours due to a cyber security event.

Director of Information Technology

## DEPARTMENT – Treasurer (253)

### Purpose or Objective of this Department

Being the Custodian of the Township funds we receive, receipt, deposit and transfer all Township monies. As the Chief Investment Officer surplus funds are invested so funds are safe and available when needed.

### Activities of this Department

Daily receipting, processing, and investing of all Township monies; preparation, maintenance, and processing of all monthly sewer bills; administering the tax roll, including bill preparation, collections, and distribution of property taxes, captured revenues, industrial facilities taxes, and service fees in lieu of taxes. Maintain, manage, and collect special assessment district rolls and delinquent personal property tax roll. Manage all township debt service.

### Year 2021 Goals

1. Continue to seek investments that preserve safety of principal
2. Continue to promote e-mailing sewer bills and direct debit for payments
3. Seek technological improvements to process payments
4. Assist other departments with credit card transaction processing
5. Continue cross training sewer billing function
6. Continue to upgrade staff professional development

### Resources Needed

The attached year 2021 budget requests expenditures of \$341,150. This is an increase of \$69,770 from 2020 projected due to the addition of retiree benefits previously budgeted in the other functions department, which is being eliminated. This budget reflects a part-time treasurer, full time assistant treasurer and senior account clerk, part-time cashier/account clerk as well as payment for 500 hours of additional part-time help. The 2022 and 2023 budget forecast include modest increases for payroll and benefits. No capital expenditures in the Treasurer's department are currently anticipated for 2022 and 2023.

## DEPARTMENT – Assessing (257)

### Purpose or Objective of this Department

Fairly, uniformly, and accurately assess all real and personal property within the Township and maintain the Township assessment rolls.

### Activities of this Department

1. Inventory and list all property within the Assessment Jurisdiction
2. Uniformly evaluate all taxable property in accordance with sound appraisal methods as prescribed by the Michigan State Tax Commission
3. Calculate the taxable value for every property
4. Prepare an assessment roll with all taxable property identified
5. Perform real and personal property tax appraisals and conduct field inspections
6. Defend assessments at the Michigan Tax Tribunal

### Year 2021 Goals

- Continue to monitor and analyze Commercial and Industrial properties using appropriate valuation methods.
- Continue re-inspections of Residential, Commercial, Industrial and Agricultural parcels in an effort to meet 20% inspected in each class per State Tax Commission guideline.
- Continue to defend property tax appeals before the Michigan Tax Tribunal.
- Continue to update Assessing Department's section of the Delhi Township website, as needed.
- Continue to update Land and Economic Condition Factor tables for all classes of property.
- Continue with inspection of building permits in the township to ensure accurate assessments.
- Continue to comply with State Tax Commission Audit of Minimum Assessing Requirements (AMAR).

### Resources Needed:

The attached year 2021 budget requests expenditures of \$397,520. The budget reflects three full-time employees, as well as a part-time property inspector to meet the Department's goals.

### Resources Available:

The 2021 township tax administration fee of 1% is estimated to be \$470,000, which is sufficient to fully fund the assessing function.

### Future Year Forecast:

The 2022 forecasted budget currently proposes a total departmental expenditure of \$403,380. This is a slight increase over 2021 and primarily due to anticipated increases in employee salary and benefit costs. There are no other notable increases in expenditures for 2022. For 2023, the budget forecasts a suggested expenditure of \$409,430. This again is largely due to employee salary and benefit cost increases. There are no notable increases in other areas of the Assessing function.

2015 - 2019 Values as of closing of all Boards of Review (March, July, & December)

\* 2020 values as of closing of both MBOR and JBOR.

## **DEPARTMENT - Elections (262)**

### **Purpose of Objective of this Department**

Provide well run elections, accurate voter registration records, timely mailing of voter ID cards, and voter education for Delhi Township citizens.

### **Activities of this Department**

1. Administer election activities including processing of mail ballots, issue, validate and certify petitions for local candidates and coordinate facilities for polling locations.
2. Present training programs for election workers.
3. Track election expenses for reimbursement, if applicable.
4. Publish legal notices for voter registration deadlines, precinct information and other information pertinent to Election Day.
5. Keep voter history current with each election and/or petitions.
6. Process voter registration including reconciling QVF data, name changes, moves, cancellations, etc. Issue voter ID cards to active registered voters.

### **Year 2021-23 Goals**

1. Continue voter education projects.
2. Increase Automatic Ballot Application List subscribers to vote from home to reduce stress at polls.
3. Continue to recruit new election inspectors.
4. Conduct registration drives at Holt High School and area senior citizen complexes.
5. Expand voter education projects within the schools to include elections, voter issues and local Government.
6. Use the Optical Scan voting equipment to conduct student council, mock elections for students.

### **Resources Needed**

The 2021 budget shows 2020 projected expenditures to be \$241,580. This is due to the purchase of the high-speed tabulators and adjudication system for the mail/absentee ballots. It was originally planned to pay for this equipment from both the 2019 and 2020 budgets. The equipment was not purchased until 2020 so the entire cost is in the 2020 budget. However, the 2020 budget will realize a savings of almost \$34,000 in Election Inspector costs because we no longer need as many workers at the precincts due to the higher volume of mail/absentee ballots. The 2022 forecasted budget is currently suggesting total departmental expenditures of \$121,650 to conduct two elections. In 2023, the department forecasts expenditures in the amount of \$14,700 for basic supplies for voter registration administration and maintenance contracts for equipment. There are no planned elections for 2023. Forecasts are subject to refinement in future budget years, but the inclusion of them now helps plan for the future

### **Resources Available**

For 2020 the township will be reimbursed for most of the costs associated with the March Presidential Primary. Also for 2020, the township received a grant of \$30,000 toward costs associated with the purchase of high-speed tabulators for the mail/absentee ballots. In 2021, the township will be reimbursed for most costs associated with the local school Election. In 2022, there will be no reimbursement.

## **DEPARTMENT – Building & Grounds (265)**

### **Purpose**

To maintain all the fixed assets of Delhi Charter Township building and grounds in the General Fund, excluding Parks. This includes existing, potential and proposed fixed assets for Delhi Township including sidewalks, curb and gutter, buildings, land, median & right-of-way upkeep, plowing and mowing. And to provide a well-maintained, pleasant, and quiet setting where the natural beauty of Maple Ridge, Pioneer and Markham cemeteries become a final resting place of residents and non-residents of Delhi Township.

### **Activities**

1. Grounds Maintenance
2. Building Maintenance
3. Management of Vehicle Maintenance
4. Equipment Maintenance
5. Interments & Cemetery Foundations

### **Year 2021 Goals**

1. New Columbarium at Maple Ridge Cemetery
2. Continue to maintain the high quality of grounds and building appearances.

### **Resources Needed**

The attached year 2021 budget requests expenditures of \$766,770. The budget reflects four full-time positions, plus expenditures for equipment, buildings, and grounds maintenance. This budget will allow the township to maintain township grounds and facilities that add to the quality of life in Delhi Township.

The 2022 and 2023 forecast budgets show increases in anticipated inflation costs and do not include any capital outlay projects.

### **Resources Generated**

Sales from cemetery lots.

## **DEPARTMENT – Stormwater (281)**

### **Purpose or Objective of this Department**

To manage the Delhi Charter Township (Delhi) Stormwater Phase II program to protect and improve local water quality in full compliance with state and federal regulations including but not limited to sampling of streams and rivers; inspecting and cleaning catch basins on township and public school properties; cleaning township streets; and performing public education. In addition, work with the Ingham County Drain Commission to resolve drainage problems in the best interest of Delhi and its citizens. Lastly, plan future stormwater improvements to successfully utilize state and federal grant monies to simultaneously improve water quality and save money for both Delhi (at large drain assessments) and its citizens (individual drain assessments).

### **Activities of this Department**

1. Participate with the Ingham County Drain Commission to resolve drainage problems in specific drainage basins and throughout Delhi to promote an effective and efficient storm water collection and treatment system.
2. Manage and/or conduct all activities necessary to comply with Delhi's National Pollutant Discharge Elimination System Stormwater permit for all Delhi and school owned properties.
3. Participate in the Greater Lansing Regional Committee on stormwater. A multi-jurisdictional group managed through Tri-County Regional planning to collaborate on Stormwater Phase II compliance.

### **Year 2020 Goals**

1. Achieve 100% sampling compliance
2. Conduct employee training on salt storage and application
3. Conduct employee training on illicit discharges to storm water
4. Complete and submit permit required biannual report
5. Begin permit required analysis of water quality from township stormwater projects

### **Resources Needed**

The attached year 2021 budget requests expenditures of \$593,320, an increase of \$ 70,340 (+13.4%) from the 2020 projected budget. This increase is due to decreases in storm water program expenses and increases in Township-At-Large Drain assessments for 2020. 2022 and 2023 projected increases are 1.1% and 2.4%, respectively.

**DEPARTMENT – Infrastructure (446)****Purpose or Objective of this Department**

To provide, maintain, and enhance all areas of infrastructure throughout Delhi Charter Township in conjunction with the Ingham County Department of Roads and Transportation, utility providers, contractors, and developers.

**Activities of this Department**

- 1. Streetlights:** Participate with Consumers Energy and the Lansing Board of Water and Light in the review and processing of requests for establishment of new streetlighting districts for existing and new developments and maintain assessment rolls to sustain sufficient revenues.
- 2. Streets:** Participate with the Ingham County Department of Roads and Transportation and Capital Area Regional Transportation System to combine federal, state, and local match funding for road improvements in the Township.
- 3. Sidewalks:** Coordinate the installation of sidewalks in all new developments and some developed areas to promote a walkable community. Facilitate the repair of damaged sidewalks. Implement the Township's ADA transition plan for non-compliant sidewalk ramps. Combine federal, state, and local funding when possible to implement the Non-Motorized Transportation Plan. The Hayhoe trail (Holt to Mason Trail) was also previously included in this budget. However, since grant funding for the project has been secured, the project has been moved to a Capital Projects Fund and can be found in that budget.

**Year 2021 Goals**

- To work with the DDA, Ingham County Road Department, Community Development and Parks Commission to continue to implement our Non-Motorized Transportation Plan.
- Continue with the implementation of the ADA transition plan and 50/50 sidewalk improvement program.

**Resources Needed**

The attached year 2021 budget reflects expenditures of \$1,082,800 which is an increase of \$434,080 from the 2020 projected expenditures, largely due to the McCue Road improvement project. Project timing for infrastructure improvements can be challenging due to external changes in funding sources, agency priority changes or other factors not within the Township's control. Therefore, the budget represents the best information available at the time it is adopted or amended but it is understood that these factors may influence this budget potentially more than others. Forecasts for 2022 and 2023 should be viewed with this in mind. This budget anticipates the remaining expenditures being funded from general fund revenues.

## DEPARTMENT – Community Development (721)

### Purpose or Objective of the Department

The primary objective of the Community Development Department is to protect the health, safety and welfare of residents and property owners. This is accomplished by ensuring that development occurs in an environmentally and fiscally responsible pattern of land use that focuses on the stabilization, enhancement, and development of quality residential, commercial, industrial, and other land uses.

### Activities of the Department

The Community Development Department reviews all planning, zoning and construction activities and issues building permits. The Soil Erosion and Sedimentation Control (SESC) program consisting of Authorized Public Agency/Municipal Enforcing Agency activities is also implemented by the Department. Additionally, the Department provides code enforcement and rental housing inspection and registration, Wetland Ordinance and walkability/place making program administration, as well as many other services.

### Year 2021 Department Goals:

- ***Manage and coordinate construction of the Hayhoe Trail.***
- ***Continue implementation of rental registration program to ensure quality of residential stock in Township.***
- ***If awarded a public art grant from the Lansing Economic Area Partnership, match grant funds to install a public sculpture in the new Keller Road corner park area.***
- ***Complete an update of the Delhi Township Master Plan, as required by the Michigan Zoning Enabling Act.***

The fiscal year 2021 budget request is for \$883,020, an increase of \$154,110 from the 2020 budget of \$728,910. The anticipated 2020 actual expenditure is \$76,110 less than budgeted. The increase from 2020 to 2021 is due to the expected cost of the required Master Plan amendment, placemaking artwork, and the inclusion of retiree benefits. The placemaking artwork project planned for 2021 would only occur if an anticipated grant is received. Retiree benefits were previously recorded elsewhere in the Township budget but will continue to be included in this departmental budget in future years.

The 2022 forecasted budget is currently suggesting total departmental expenditures of \$837,530, which would be a decrease from 2021. This would be primarily due to a \$40,000 anticipated reduction in the need for contracted services. In 2023, the department forecasts expenditures in the amount of \$861,920 which is an increase over 2022 of \$24,390, due primarily to inflationary factors and the replacement of departmental vehicles. Forecasts are subject to refinement in future budget years, but the inclusion of them now helps to more effectively plan for the future.

**DEPARTMENT - Other Functions (850)**

Expenditures moved to other Departments beginning in 2021 per new State Chart of Accounts

**PURPOSE OR OBJECTIVE OF THIS DEPARTMENT:** To account for General Fund administrative activities that are not recorded elsewhere.

**ACTIVITIES OF THIS DEPARTMENT:** Expenditures in this activity include retiree benefits; unemployment benefits; contracted services; insurance and bonds; legal fees; office supplies; office equipment maintenance and repairs (not including computer equipment); group education and training; certain capital expenditures; and the General Fund's contributions to support the additional revenues needed by the Fire, Police, and Parks Funds.

**RESOURCES NEEDED:** None. The new State Chart of Accounts has removed this department. Items formerly charged here have been absorbed by other departments. It is included here for informational purposes.

**DEPARTMENT – Debt Service (905)****Purpose or Objective of this department:**

To budget for the repayment of General Fund debt.

**Activity of this Department:**

There are two debt obligations in the General Fund:

1. In 2013 the Township sold bonds to fund the construction of the Sycamore Trail. This debt payment is being offset by a contribution from the DDA. This debt will be paid off in 2024.
2. In 2016 the Township entered into an installment purchase agreement to fund energy conservation improvements. The loan will be paid off in 2031 with net energy savings guaranteed by Honeywell. The Township was awarded a clean renewable energy bond grant, which reimburses 70% of the interest on the bond.

**Resources Needed**

The 2021 budget requests expenditures of \$ 355,510

**DEPARTMENT – Transfers Out (965)**

**PURPOSE OR OBJECTIVE OF THIS DEPARTMENT:** To account for General Fund transfers out to other funds.

**ACTIVITIES OF THIS DEPARTMENT:** Several of the Township's activities are supported by millages dedicated to that service. To properly track the dedicated millages, the revenues and expenditures are accounted for in Special Revenue Funds. As the millages do not completely cover the expenditures of the Fire, Police, and Parks Funds, this department records the transfers out from the General Fund. (These were formerly recorded in the Other Functions department, which has been removed from the new State Chart of Accounts.)

**RESOURCES NEEDED:** The year 2021 budget requests transfers out of \$2,648,300. The 2022 forecast includes increased transfers out to all three funds. The largest increase is to the Parks Fund due to capital improvements to Kiwanis & Valhalla Parks. The 2023 forecast estimate has only a slight increase due to expected increases in revenues.

## **FIRE FUND (206)**

### **Purpose or Objective of this Department**

The mission of the Delhi Township Fire Department is to provide for the safety of the citizens of Delhi Charter Township by reducing the impact of community emergencies through education, prevention and service.

### **Activities of this Department**

The Delhi Township Fire Department:

- Provides quick response and action to reduce or eliminate real or perceived emergencies.
- Provides EMS, fire safety and fire prevention and other safety education to the community.
- Provides superior and proactive training to the members of the fire department to develop and retain a staff of 30 part-time and 19 full time staff.
- Provides, through contract, fire protection to the Alaieton Township community.
- Provides community outreach via other community activities.

### **Year 2021 Goals**

- Plan and exercise the Emergency Management plan for Delhi and incorporate a comprehensive community risk reduction model for future pandemic planning.
- Continue to expand the use of technology to aid in fire prevention, training, pre-fire planning and recruitment.
- Use current data, analytics and GIS to start mapping fire and EMS calls in relation to population density and call type to better understand needs for service.
- Analyze the high-risk low frequency incidents to improve all hazards response.

### **Resources Needed**

The attached 2021 budget requests expenditures of \$2,780,500 an increase of \$129,600 from 2020 projected expenditures. This budget reflects personnel costs of a full time chief, assistant chief, Recruitment/Retention Emergency Manager, part time fire inspector, part time firefighter, secretary, and 15 full time firefighter/paramedics. Part time personnel costs include 24hr/365day/52 weeks for part-time staffing to supplement the fire suppression and EMS forces during the week as well as a part time fire inspector.

The 2022 forecasted budget is currently suggesting total departmental expenditures of \$2,834,750, which would be an increase of \$54,250 from 2021. This would be primarily due to cost of living and inflationary increases. In 2023, the department forecasts expenditures in the amount of \$2,890,090 which is an increase over 2022 of \$55,340, due primarily to inflationary factors and standard cost of living. Forecasts are subject to refinement in future budget years, but the inclusion of them now helps to more effectively plan for the future.

**FIRE FUND REVENUES****Property tax 403.000**

In 2018 the voters renewed a millage of 1.5 for fire services. However, to keep taxes from increasing more than inflation, the Headlee Amendment automatically “rolls back” the millage rate to equal the rate of inflation. When growth causes township taxable value to increase faster than the State Tax Commissions annually determined rate of inflation, the township must apply a Millage Reduction Fraction to keep the taxes from increasing more than inflation. This has reduced the 2020 millage rate to 1.4961 mills. The calculated amount of \$1,199,151 has been reduced by \$7,760 to account for delinquent taxes, resulting in a budgeted amount of \$1,228,000.

**Industrial Facilities Tax 404.000**

The parcels that qualify for the Industrial Facilities Tax receive a 50% reduction in taxes (0.74805 mills instead of 1.4961 mills). The taxable value for those properties is 2,458,055. 2021 revenue is budgeted at \$1,840.

**Local Community Stabilization 573.000**

In 2014 the State passed legislation which exempted certain commercial and industrial personal properties from local taxation. The State distributes funds to local communities to replace this lost revenue.

**Ambulance Fees 633.000**

Ambulance calls are \$800 for basic and advanced life support plus \$12.50/mile. \$850,000 is budgeted for 2021.

## **POLICE FUND (207)**

### **PURPOSE OR OBJECTIVE OF THIS DEPARTMENT:**

To provide for the safety and welfare of the residents of Delhi Township through a contract with the Ingham County Sheriff's Office.

### **ACTIVITIES OF THE DEPARTMENT:**

Community policing for businesses, schools and residential neighborhoods, road patrol officers for protection and investigation, including traffic accidents and detectives for investigative purposes.

### **YEAR 2021 GOALS:**

1. Continue expanding community policing into new neighborhoods and businesses.
2. Continue to provide Holt Public Schools a School Resource Officer (SRO) as requested by Holt Public Schools.
3. Increase interest in the Neighborhood Watch Program in partnership with Community Development and the Fire Department.
4. Increased presence of K9 unit in the schools, along with presentations and drug detection projects, as requested by Holt Public Schools.
5. Continue community policing philosophy along with aggressive patrol tactics.
6. Continue to provide information to, and assist, the Tri-County Metro Narcotics Squad to investigate drug crimes.
7. Continue to identify specific crime trends and problem areas, focusing on targeted enforcement to reduce problems.
8. Identify and respond to traffic problem areas, reducing violations and accidents.
9. Continued annual in-service training and topic specific training to provide a highly trained and well-rounded police officer.

### **RESOURCES NEEDED**

The attached 2021 budget requests expenditures of \$2,937,750, an increase of \$73,960 from 2020 projected actual expenditures. This budget reflects a staffing level of 19 full-time deputies with a minimum staffing of 2 officers on duty at all times, 1 deputy in the Holt schools, and 1 full-time and 1 part-time clerical support staff. Included in the 19 deputies are 1 lieutenant, 2 sergeants, 2 detectives, 1 school resource officer, 1 community business officer, and 1 metro officer. In addition, two part-time seasonal sheriff deputies are utilized during the summer months to assist the Parks Department in patrolling the Township's parks, and trails and other facilities. Since revenues are insufficient to cover costs, a transfer of \$1,654,310 from the General Fund is necessary.

The current contract with the Sheriff's Office expires in 2022. The 2023 forecast estimates an increase of 2%, plus an additional \$40,000 for body cameras.

**POLICE FUND SUMMARY (207)**

## PARKS, TRAILS AND RECREATION FUND (208)

### Purpose of this Fund

This fund is required to account for the revenues of a special millage levy to defray, in whole or part, the cost of providing recreational opportunities for residents of all ages. Voters approved a four-year 1.0 millage levy for the years 2018-2021.

### Activities of this Department

The Parks, Trails, and Recreation Fund consists of three departments:

1. Administration
2. Parks Maintenance
3. Recreation

### Resources needed:

The attached 2021 budget requests expenditures of \$1,128,380. This includes capital outlay of \$60,000 for mowing equipment, and \$200,000 to fund the Hayhoe Trail. A transfer in from the General Fund of \$356,930 will be necessary to meet budgeted expenditures. The 2022 forecast increases by \$308,090, mostly due to capital improvements. The 2023 forecasts less for capital outlay, decreasing the total expenditures.

### Resources generated:

Revenues will be received in the amount of \$824,400 from the millage, with an additional \$57,000 generated from user fees. Forecast amounts are based on a 2% increase in tax revenue.

## **DEPARTMENT – Parks and Recreation Administration (752)**

### **Purpose**

Provides leadership for the public recreational opportunities provided to residents, coordinating efforts between the Delhi Township Park Commission, Delhi Township Board of Trustees, and the Holt Public School District. The Park Commission has seven elected officials under Public Act 1931, No. 271.

### **Activities**

Expenditures in this activity include costs related to departmental staff which includes Director, Recreation Coordinator and Secretary. Also included is the stipend for the Park Commissioners, plus other administrative costs such as master plan research, memberships, education, insurance, office supplies, telephone, and postage.

### **Year 2021 Goals**

1. Continue to facilitate the cooperative relationship with the Holt Public Schools in providing recreational opportunities to our residents.

### **Resources Needed**

The attached year 2021 budget requests expenditures of \$355,430. The budget reflects three full-time positions. This budget will allow us to continue providing quality parks, recreation programs, and social activities that add to the quality of life in Delhi Township and serves as a model of cooperation between the Township and Holt Public Schools.

The 2022 and 2023 forecast budgets show increases in anticipated inflation costs and does not include any capital outlay projects.

## **DEPARTMENT - Parks (771)**

### **Purpose**

To maintain the Township park properties for enjoyment and recreational opportunities, with the assurance of equitable access to residents

### **Activities**

To perform the care and management of the townships ***twelve parks totaling 140 acres*** including the following:

- Valhalla Park (62.74 acres) – Beachfront Area, Pavilions, Playground, Nature Trails, Athletic Fields
- Kiwanis Park (14.77 acres) – Tennis Courts, Pavilion, Playground, Athletic Fields
- Sam Corey Senior Center (2 acres) – Activity Building
- John Taylor Memorial Park (13.34 acres) – Natural Sledding Hill, Pavilion, Small Playground
- Jaycee Park (2.66 acres) – Neighborhood park with playground
- Centennial Farms Park (10.40 acres) – Neighborhood park with playground
- Veterans Memorial Gardens (11.26 acres) – Pedestrian Walkway, Gardens, Memorial, Restrooms, Amphitheater
- Sycamore Park – (.5 acres) - Green Space with Pedestrian Walkway.
- Skate & Bike Park – (.5 acres)
- Holt/Aurelius Property – (1 acres) – Gardens, benches, 911 memorial, sculpture
- Trailhead Park – (5.47 acres) – Parking area, picnic tables, grills, bike rack.
- Esker Landing – (15 acres) – Trail head, parking area, bike rack, restroom, fishing dock & kayak launch.
- Parks department also mows 145 acres of Holt Public School property

### **Year 2021 Goals**

1. Continue to maintain the high quality of the parks appearances.
2. Construction of the Hayhoe Trail south to College Road.

### **Resources Needed**

The attached year 2021 budget requests expenditures of \$910,630. The budget reflects three full-time positions, approximately 12 seasonal employees, plus expenditures for equipment, buildings, and grounds maintenance. This budget will allow us to maintain the parks grounds and facilities that add to the quality of life in Delhi Township.

The 2022 forecast budget includes capital outlay projects of the reconstruction of the tennis courts at Kiwanis Park (\$250,000) and replacement of the Valhalla East Restrooms (\$100,000). The 2023 forecast budget includes capital outlay projects of updated playground equipment at Kiwanis Park and John Taylor Memorial Park (\$300,000).

### **Resources Generated**

\$53,000 of income is expected from the school district mowing reimbursement and \$3,000 is expected from the Jr. Rams Sports programs support. \$7,000 is expected from pavilion rentals.

## **DEPARTMENT - Recreation (774)**

### **Purpose**

To provide public recreational opportunities, with the assurance of equitable access to residents in a cooperative effort between the Delhi Township Park Commission, Delhi Township Board of Trustees, and the Holt Public School District.

### **Activities**

To provide a comprehensive recreation program to the residents of Delhi Township and the Holt Public School District consisting of the following programs.

- Adult Softball
- Youth T-Ball, Softball and Baseball, Soccer, Flag Football, Basketball, Floor Hockey, Volleyball
- Organization of weekly Senior Citizens luncheons, enrichment, and entertainment programs.

Community outreach programs including assistance to the Kiwanis Club, Lions Club, Holt Hometown Committee, and the Junior Rams Sport organizations with their community events and programs.

### **Year 2021 Goals**

1. Continue to program the Sam Corey Senior Center through volunteer programmers and building supervisors.
2. Continue to facilitate the cooperative relationship with the Holt Public Schools in providing recreational opportunities to our residents.

### **Resources Needed**

The attached year 2021 budget requests expenditures of \$62,320. The budget reflects equipment, awards, officials for recreation programs and cost associated with township special events. This budget will allow us to provide quality recreation programs, and social activities that add to the quality of life in Delhi Township and serves as a model of cooperation between the Township and Holt Public Schools.

The 2022 and 2023 forecast budgets show increases in anticipated inflation costs and do not include any capital outlay projects.

### **Resources Generated**

\$ 50,000 of income is expected from user fees.

### NOTES

School district reimburses township for cost of maintenance for property used for recreation programs.

Additional support is given to Jr. Rams Sport Groups, Civic Clubs, and Township Festival.

Punt-Pass-Kick, Pitch-Hit-Run, Summer Softball Camps eliminated

## **DELHI CHARTER TOWNSHIP FIRE EMS EQUIPMENT AND VEHICLE FUND (211) YEAR 2021 BUDGET**

### **PURPOSE OR OBJECTIVE OF THIS FUND:**

This fund is required to account for the revenues of a special millage levy to defray, in whole or part, the cost of acquiring equipment and apparatus expenses for the Fire Department. Voter approved a four-year 0.5 millage levy for the years 2018-2021. This Fund is administered by the Delhi Township Fire Chief.

### **Activities of this Department**

In Delhi Township, the Fire Department will:

- Provide quick, immediate action to reduce or eliminate either real or perceived emergencies.
- Provide EMS and Fire Safety education to the community when requested.
- Keep up-to-date on the latest technology associated with providing service to the community.
- Provide on-going funding for fire equipment via a 4-year millage.

### **Year 2021 Goals**

1. Delivery of EMS and Fire service to the community via a blend of 19 full time personnel and paid, on-call force of 30 personnel.
2. Maintain all equipment in a state of readiness and monitor its condition
3. Continue a systematic replacement of all turnout equipment on a regular rotation basis.
4. Continue to review methods by which to most effectively replace apparatus while at the same time reducing the number of vehicles in the fire department fleet.

### **Resources needed:**

The attached 2021 budget requests expenditures of \$425,000. This budget reflects capital outlay purchases, equipment and supplies, and a continued systematic replacement and repair of turnout gear. This 2021 budget also includes expenditures to repair and maintain radio equipment, miscellaneous equipment, and vehicles.

The 2022 forecasted budget is currently suggesting expenditures in the amount of \$439,250 which is an increase of \$14,250, primarily due to ambulance replacement and Pumper Tanker purchase. In 2023, the fire department forecasts expenditures in the amount of \$527,000, which is an increase of \$87,750. This increase is due to remounting an ambulance and ongoing payments for the pumper/tanker. Due to price increases in commodities and fire equipment the forecasts are subject to refinement in future budgets and including them now will help to effectively the future.

### **Resources generated:**

Revenues will be received in the amount of \$418,410 from the fire equipment millage in 2021, with yearly increases of 2% forecasted.

**FIRE EMS EQUIPMENT AND VEHICLE FUND SUMMARY**

## **WATER IMPROVEMENT FUND (225)**

The Delhi Charter Township Board adopted Ordinance No. 84 establishing the “Delhi Charter Township Water Supply System Improvement Fund” on November 1, 1988.

### **Purpose or Objective of this Fund**

To work with the Lansing Board of Water & Light and the Groundwater Management Board to ensure a safe and reliable system for our drinking water and for fire protection. This will be realized through sound planning and engineering analysis, establishment of consistent policies, and adequate allocation of public funds. The Township Manager administers this Fund.

### **Activities of this Department**

1. Review and help implement the Lansing Board of Water and Light’s efforts in continually evaluating and enhancing the capability and reliability of the water distribution system.
2. Monitor water payback agreements.
3. Implement the Delhi Charter Township Wellhead Protection Plan.
4. Facilitate creation of new water districts.
5. Continued participation with the Ground Management Board.

### **Year 2021 Goals**

1. Continue with the Public Education components and Well Abandonment Program in coordination with the Tri County Regional Planning Commission.
2. Participate with the Lansing Board of Water and Light in the orderly extension/looping of the public water system.

### **Resources Needed**

The attached 2021 budget shows expenditures of \$76,790 decreasing fund balance by \$46,290 to \$451,950. The largest expenditure, \$73,990 of the total \$76,790, is for debt payments on the Waverly/Holt Road water main extension to the Holt Public Schools. The 2022 forecast includes the last payment on the debt, and the 2023 forecast of \$2,800 is for the Ground Management Board membership.

### **Resources Generated**

Revenues for years 2021 thru 2023 are estimated at \$30,500 each, primarily from water connection fees.

**WATER IMPROVEMENT FUND SUMMARY**

**CAPITAL PROJECTS FUND****Purpose of this Fund**

This fund was created to account for the revenues and expenditures of one time projects, particularly when funding is provided from a variety of sources

**Activities of this Department**

1. Record the revenues and expenditures for the Hayhoe Trail in 2021.

**Resources needed:**

The 2021 budget requests expenditures of \$3,239,280.

**Sources of revenue:**

Revenues will be received from the Ingham County Trail millage, the Parks Fund and from donations.

## SEWER FUND (590)

The Sewer Fund provides for the removal and treatment of sewage for Delhi Township residents and businesses. This fund also provides for the maintenance of sewer lines as well as building new sewer lines. Sewer Fund activities are financed mostly by sewer user charges.

There are five departments (also referred to as “Activities”) in the Sewer Fund. They are:

- Sewer Revenue
- Sewer Administration
- Public Services
- Capital Improvement
- General Obligation Debt

## SEWER FUND SUMMARY

**DEPARTMENT – Sewer Administration (548)****Purpose or Objective of this Department**

Accounts for Sewer Fund administrative activities not directly related to the cost of operations.

**Activities of this Department**

Expenditures in this activity include salary for the sewer board of appeals, retiree benefits, unemployment benefits, office supplies and postage relating to billing, insurance and bonds, legal fees, engineering services for site plan reviews, audit fees, contractual services, and cost allocation paid to the General Fund.

**Resources Needed**

The 2021 budget requests expenditures of \$964,540 a decrease of \$390 (-0.4%) from the 2020 projected budget. The decrease is due to an adjustment to the General Fund cost allocation to recognize the brush drop off expenditures being paid in the Sewer Fund. The 2022 budget is projected to increase 3.8% and 2023, 3.0%. These increases are due to labor, insurance, and retiree benefits.

## **DEPARTMENT – Department of Public Services (DPS) 558**

### **Purpose or Objective of this Department**

Manage the treatment of wastewater to protect the life and health of Delhi and surrounding residents, wildlife, and aquatic life; achieve compliance with Federal and State Standards; and protect the water quality of the Grand River. Provide the Township with uninterrupted sanitary sewer service.

### **Activities of this Department**

Operate and maintain Delhi's sanitary sewer collection system and treatment plant to produce a high quality discharge, analyze wastewater to assist in process control and demonstrate compliance with national water quality standards. Establish and maintain an Asset Management Program, Industrial Pretreatment Program (IPP), a Residuals Management Program (RMP), a Pollutant Minimization Program for Total Mercury, and the Township Stormwater Phase II program. Manage all new and existing sewer construction. Participate in the community by providing public education concerning wastewater, stormwater, recycling and the environment. Maintain the township recycling center.

### **Year 2021 Goals**

- A.** Rehabilitate roadways of POTW
  - a.** Assess road condition after completion of POTW improvements
- B.** Continuing generator replacement
- C.** Concrete repairs
- D.** Sewer repairs

### **Resources Needed**

The attached year 2021 budget requests expenditures of \$4,614,340, an increase of \$190,700 (+4.3%) from the 2020 projected budget. This increase is due in large part to \$400,000 for sewer repairs. The 2022 and 2023 budgets include replacements and maintenance according to the Asset Management Plan and are projected at -8% for 2022 and +6% for 2023.

## **DEPARTMENT – Capital Improvements (578.01)**

### **Purpose or Objective of this Department**

Manage the flow and treatment of wastewater to protect the life and health of Delhi and surrounding residents, wildlife, and aquatic life; achieve compliance with Federal and State Standards; and protect the water quality of the Grand River. Meet the future demands of the growing community to provide to the residents of Delhi uninterrupted sanitary sewer service.

### **Activities of this Department**

Provide upgrades to the collection system and treatment plant to replace aging equipment and prepare for community growth. Inspect, maintain, and repair 668,519 feet of sanitary sewer.

### **Year 2021 Goals**

- A. Grit handling**
  - a. Design grit handling
  - b. Bid grit handling
  - c. Begin construction of grit handling
- B. Secondary clarifier rehabilitation**
  - a. Complete secondary clarifier rehabilitation
- C. Solids handling building**
  - a. Design solids handling building to house
    - 1) Grease handling
    - 2) Food separator
    - 3) New generator/boiler
    - 4) Sludge thickening
  - b. Bid solids handling building
  - c. Begin construction of solids handling building
- D. Digester cover replacement**
  - a. Develop specifications
  - b. Bid digester cover replacement
  - c. Begin construction
- E. Boiler/Generator**
  - a. Design boiler/generator
  - b. Bid boiler/generator
  - c. Begin construction of boiler/generator

### **Resources Needed**

The attached year 2021 budget requests expenditures of \$1,175,630 a decrease of \$1,867,430 (-61%) from the 2020 projected budget. The 2021 budget includes plans for a second \$7.5 million asset management bond with work to be completed in 2022. 2023 includes design only for the Keller Road sewer replacement to be done in advance of the next bond scheduled for 2024/25.

**Resources Needed**

The 2021 budget requests expenditures of \$2,717,800. This includes an estimate of bonds scheduled to be sold in 2021 to fund capital improvements.

The 2022 and 2023 forecasts are calculated based on current and expected 2021 bond payment schedules.

### Delhi Downtown Development Authority (248)

The Delhi Township Downtown Development Authority (DDA) has a separate legal identity but operates in conformity with many of the Township's policies and procedures. The DDA is reported in the Township's financial statements as a discretely presented component unit.

**PURPOSE OF THIS FUND:** The DDA was organized pursuant to Township Ordinance No. 80 and Act 197 of the Public Acts of 1975, as amended, now recodified as Public Act 57 of 2018. The primary purpose of the DDA is to provide for the ongoing maintenance, promotion, security, and continued operation of the DDA District. A Board of Directors appointed by the Township Board governs the DDA. This DDA's mission is as follows: to promote economic development through business attraction/retention programs and works to foster investment within the DDA District. It strives to increase the Township's tax base and strengthen the local economy while maintaining those qualities that make Delhi Township a desirable place to live and work.

There are eight departments in the DDA. They are:

- Administration
- Marketing and Promotion
- Infrastructure
- Other Functions (eliminated for 2021: absorbed by Administration & Infrastructure)
- Capital Outlay
- 2016 DDA Development
- 2017 DDA Development
- Debt Service

| Staffing Levels    |      |      |      |

| Executive Director | 0.60 | 0.60 | 0.60 |
| Deputy Director    | 0.60 | 0.60 | 0.60 |
| Total              | 1.20 | 1.20 | 1.20 |

## **Delhi Charter Township Downtown Development Authority Budget Indicators**

### **Ongoing Goals**

- Facilitate redevelopment of DDA owned parcels (Cedar & Hancock, Cedar & North); actively recruit end users and support development
- Fund infrastructure improvement and rehabilitation programs identified by the Township and DDA Board as supporting the continued tax base growth and development within the District
- Provide bond payments for the Non-Motorized Trail, Realize Cedar, and other projects
- Provide business enhancement, promotion, and support through efforts such as Biz Buzz
- Support and promote the Farmers' Market and provide for various improvements of the Farmers' Market building. Develop additional uses for Market facilities
- Promote community events such as Holt Fest and the Farmers Market Food Frenzy events
- Apply for all applicable state and federal grants via DDA/Holt Non Profit Coalition to promote place making and enhance livability of Township residents
- Participate in Holt Non Profit Coalition for Farmers' Market, *Our Town* publication, Volunteer Bureau, and other community events and activities as Board of Directors member
- Continue to prepare and distribute *Our Town* publication electronically via HoltNow website and grow reader base; transition from quarterly to monthly publication supported by advertising sales
- Encourage community beautification with the placement of additional public art and murals
- Work with Township staff to enhance Trailhead Parks

### **2020 and Beyond Objectives**

- Find appropriate users/developers for Cedar & Hancock and Cedar & North properties
- Finalize Cedar Street roundabout beautification
- Expand Esker Landing parking lot and construct pavilion
- Install pedestrian crosswalk signal on Cedar Street at Delhi Commerce Drive
- Expand Holt Farmers' Market building, replace roof
- Install Electric Vehicle Charging stations
- Rehabilitate 2176 Cedar for end user (restaurant)
- Locate land for future commercial/industrial growth
- Further triangle area development
- Other activities as identified

## **DDA ADMINISTRATION (728)**

### **Purpose**

To provide leadership in promoting economic development through business attraction/retention programs and work to foster investment within the DDA District.

### **Activities**

Expenditures in this activity include costs relating to the part-time Executive Director and part-time Deputy Director, plus other administrative costs such as legal fees, education, insurance, office supplies, DDA property maintenance and projects, utility payments, and tax adjustments.

Note: for 2021, portions of the Other Functions (850) budget were added to Administration due to the State of Michigan eliminating 850 from its chart of accounts.

### **Year 2021 Goals**

1. Continue to provide leadership in the ongoing maintenance, promotion, and continued operation of the DDA District.
2. Continue striving to increase the Township's tax base and strengthen the local economy while maintaining those qualities that make Delhi Township a desirable place to live and work.

### **Resources Needed**

The attached year 2021 budget requests expenditures of \$181,720, an increase of \$42,730 from the 2020 budget. The increase is due to the addition of several line items from the 850 Other Functions budget which is being eliminated by the State of Michigan. The 2022 forecast is \$183,820 and the 2023 forecast is \$185,930. The forecasts take into account slight increases in employee compensation as typically adopted by the Board of Trustees each January.

## DDA MARKETING & PROMOTION (729)

### Purpose

To promote and market the Township as an attractive place to live and do business.

### Activities

Expenditures in this activity include costs relating to local business advertising, promoting businesses via the DDA newsletter *Our Town*, and supporting the Farmers' Market.

### Year 2021 Goals

1. Support and promote the Farmers' Market and provide for various improvements of the Farmers' Market building
2. Provide business promotion and support through electronic publication of *Our Town*, *HoltNow*, and other enhancements
3. Promote community events
4. Support the Holt Volunteer Bureau
5. Encourage community beautification with the placement of public art and murals

### Resources Needed

The attached year 2021 budget requests expenditures of \$187,630, an increase of \$5,840 over the 2020 budget. A step increase in pay will be implemented for 3 Farmers Market employees in 2021. The 2022 forecast is \$188,760 and the 2023 forecast is \$189,920. The forecasts take into account slight increases in employee compensation as typically adopted by the Board of Trustees each January.

**DDA INFRASTRUCTURE (731)****Purpose**

To build and improve physical structures such as streetscapes and sidewalks in the DDA District that create both a safe and attractive environment.

**Activities**

Expenditures in this activity are for street, sidewalk, landscaping, and other physical improvements.

Note: for 2021, portions of the Other Functions (850) budget were added to Administration due to the State of Michigan eliminating 850 from its chart of accounts.

**Year 2021 Goals**

1. Fund infrastructure improvement and rehabilitation programs identified by the Township and DDA Board as supporting the continued tax base growth and development within the DDA District.
2. Work with Community Development to enhance Non-Motorized Trail and Trailhead Parks.
3. Provide bond payments for the Non-Motorized Trail.

**Resources Needed**

The attached year 2021 budget requests expenditures of \$160,450, an increase of \$120,450 over the 2020 budget. This increase is due to the addition of a line item from the 850 Other Functions budget which is being eliminated by the State of Michigan. The forecast for 2022 is \$157,840 and the forecast for 2023 is \$155,230.

**DDA OTHER FUNCTIONS (850)****Purpose**

To account for DDA building and equipment maintenance, utility payments.

**Activities**

Expenditures in this activity are for DDA property maintenance and projects, utility payments, and tax adjustments.

**Year 2021 Goals**

1. Provide for on-going maintenance within the DDA District.
2. Provide bond payments for the Non-Motorized Trail.

This was removed from the State of Michigan chart of accounts for 2021. Expenditures moved to Administration (728) and Infrastructure (731).

**Resources Needed**

The attached year 2021 budget requests expenditures of \$0.

**DDA CAPITAL OUTLAY (903)****Purpose**

To purchase and redevelop underutilized properties in the DDA District.

**Activities**

Expenditures in this activity are for purchasing, improving and rehabilitating property.

**Year 2021 Goals**

1. Identify under or inappropriately utilized sites within the DDA District and assist in the development of these sites.

**Resources Needed**

The attached year 2021 budget requests expenditures of \$150,000 an increase of \$15,000 over the 2020 budget. A renovation and expansion project at the Holt Farmers Market is the reason for the increase. The forecast for both 2022 and 2023 is \$100,000.

**DDA DEVELOPMENT (903.05)****Purpose**

To purchase and redevelop underutilized properties along the Cedar Street Corridor and downtown triangle area.

**Activities**

New taxable bonds were issued in the amount of \$1.5 Million in August 2016 in an effort to purchase, improve and rehabilitate property along the Cedar Street Corridor and downtown triangle area.

**Year 2021 Goals**

1. Identify under or inappropriately utilized sites along the Cedar Street Corridor and downtown triangle area and assist in the development of these sites.

**Resources Needed**

The attached year 2021 budget requests expenditures of \$225,000, the same as the 2020 budget. The forecast for both 2022 and 2023 is \$225,000.

**DEPT 903.05 2016 DDA DEVELOPMENT**

**DDA DEVELOPMENT (903.17)****Purpose**

To facilitate the construction of the Realize Cedar Project.

**Activities**

New limited tax bonds were issued in the amount of \$6.75 Million in August 2017 to facilitate the construction of the Realize Cedar Project.

The bulk of the Realize Cedar Construction was finalized in June 2019. Additional projects such as the Cedar Street roundabout and the Delhi Commerce Drive pedestrian crossing signal were added in 2020. As these funds were earmarked for Cedar Street specifically, until the bond funds are expended, projects will be added as identified for the Cedar Street corridor.

**Resources Needed**

The attached year 2021 budget requests expenditures of \$100,000, and increase of \$100,000 over the 2020 budget. Projects which will benefit the Cedar Street corridor may be continued until the Realize Cedar bond funds are expended. The forecast for 2022 is \$100,000 and the forecast for 2023 is \$80,000.

**DDA DEBT SERVICE (905)****Purpose**

To account for bond principal and interest due in the current year.

**Activities**

Expenditures in this activity are for the following bonds:

1. 2016 Refunding bonds issued to replace 2008 DDA bonds maturing from 2019 to 2024.
2. 2016 Development bonds issued to facilitate growth within the DDA District.
3. 2017 Development bonds issued to facilitate the Realize Cedar project.

**Resources Needed**

The attached year 2021 budget requests expenditures of \$1,105,810, an increase of \$5,940. The forecast for 2022 is \$1,119,700 and the forecast for 2023 is \$1,128,630. The debt schedules are determined when the bonds are issued.

**DDA 2016 REFUNDING BOND DEBT SERVICE FUND SUMMARY (391)  
2017-2024 (8 YEARS)**

This bond was issued in 2016 to defease the callable portion of the 2008 DDA Bonds. The 2008 Bonds funded the following six projects in the DDA district: reconstruction of Cedar St. from Dallas to Holbrook, infrastructure for Cedar Hts. neighborhood, infrastructure for Delhi NE/Depot St. area, sidewalks and lighting along Holt Rd. from Thorburn to Aspen Lakes, construction of Senior Citizens' Center, and landscaping corner of Holt & Aurelius Rds. The revenue for 90% of the bond payments comes from the Downtown Development authority, with the remaining portion paid by the Sewer Fund.

**Brownfield Redevelopment Authority Fund (243 Fund):** The Delhi Charter Township Brownfield Redevelopment Authority is a separate legal identity operating in conformity with Delhi Charter Township's policies and procedures. The Brownfield Redevelopment Authority is reported in the Township's financial statements as a discretely presented component unit.

**Purposes of the Fund:** The Brownfield Redevelopment Authority was created pursuant to Public Act 381 of 1996, as amended. Resolution No. 2001-167, adopted by Delhi Charter Township Board of Trustees on September 4, 2001 authorizes its existence.

The primary purpose of the Brownfield Redevelopment Authority is to assist in financing environmental assessment, remediation and other environmental response activities as authorized by PA 381, as amended. All activities of the Authority are carried out in conformance with adopted Brownfield Redevelopment Plans under supervision of the Board of Directors of the Authority. The membership of the Board of Directors of the Brownfield Redevelopment Authority is composed of the Board of Directors of the Delhi Charter Township Downtown Development Authority.

The Authority may carry out its activities throughout Delhi Township. The objectives of the Authority are outlined in the most recently adopted Brownfield Redevelopment Plan and are as follows:

1. Clean-up of environmentally challenged properties.
2. Enhance the Township's tax base by preparing environmentally challenged properties for desirable and productive re-uses.
3. Identify sites that are "abandoned" as defined by Michigan law and facilitate their redevelopment.

Specific projects undertaken by the Brownfield Redevelopment Authority in support of these objectives as a part of the 2021 Budget include:

1. Reimbursement of costs related to the remediation of property at Esker Square (referred to as Brownfield #4).
2. Reimbursement of costs related to the remediation of property at Willoughby Estates (referred to as Brownfield #6).
3. Reimbursement of costs related to the remediation of property at 4495 Holt Road (referred to as Brownfield #7).
4. Reimbursement of costs related to the remediation of property at 2313 Cedar Street (referred to as Brownfield #8).
5. Identification of future eligible Brownfield projects; preparation of Brownfield Redevelopment Plans and implementation of plans.

For 2021, tax capture of \$385,870 is anticipated along with \$379,000 of expenditures. For 2022, tax capture of \$393,590 is anticipated along with \$386,710 of expenditures. For 2023, tax capture of \$401,460 is anticipated along with \$394,570 of expenditures. Changes in tax capture revenue is due to increases in the taxable values of the properties. Accordingly, increases in expenditures for reimbursements to developers is expected.

**Local Brownfield Revolving Fund (643 Fund):** The Delhi Charter Township Local Brownfield Revolving Fund (formerly Local Site Remediation Fund) is a separate legal entity operating in conformity with Delhi Charter Township's policies and procedures. The Fund is reported in the Township's financial statements as a discretely presented component unit.

**Purposes of the Fund:** The Local Brownfield Revolving Fund was created pursuant to Public Act 381 of 1996, as amended. The Delhi Charter Township Brownfield Redevelopment Authority adopted Resolution No. 2001-002 on October 23, 2001 which authorized the existence of the Local Brownfield Revolving Fund.

The primary purpose of the Local Brownfield Revolving Fund is to assist in financing environmental assessment, remediation and other environmental response activities as authorized by PA 381, as amended. The membership of the Board of Directors is composed of the Board of Directors of the Delhi Charter Township Downtown Development Authority.

The Local Brownfield Revolving Fund may carry out its activities throughout Delhi Township. The objectives are as follows:

1. Clean-up of environmentally challenged properties.
2. Enhance the Township's tax base by preparing environmentally challenged properties for desirable and productive re-uses.
3. Identify sites that are "abandoned" as defined by Michigan law and facilitate their redevelopment.

**Resources/Uses:** After final reimbursement of Brownfield properties, the Local Brownfield Revolving Fund can capture revenue for 5 years. Since Brownfield Plans #1, #2, and #3 have completed their respective 5 year terms, no tax capture is anticipated for 2020. This fund will not collect any tax capture until newer Brownfield Plans reach the end of their cycles. In 2018 and 2019, the Brownfield Redevelopment Authority received grant funds to assist in environmental clean-up from the Michigan Department of Environment, Great Lakes, and Energy for Brownfield Plans #4 and #8 in the amounts of \$249,000 and \$370,000, respectively.

For 2021, tax capture of \$0 is anticipated along with \$35,270 of expenditures, decreases of \$390,000 and \$395,060 from the 2020 budget. The large decreases are due to the anticipated completion of 2 State of Michigan grants during 2020. For 2022, tax capture of \$0 is anticipated along with \$20,270 of expenditures. For 2023, tax capture of \$0 is anticipated along with \$20,280 of expenditures.

\* Increase in Unassigned Fund Balance beginning in 2011 is due to passage of public safety millages. Decrease in annual expenditures is the result of Fire and Police expenditures being moved to separate funds. Additional millages for the Parks & Fire EMS Equipment & Vehicle Fund were approved for 2018. When amounts transferred out to support Fire, Police & Parks Funds in 2019 are included in annual expenditures, Unassigned Fund Balance as a percentage of expenditures is 88%

Note: 12/31 Tax levy is for following fiscal year.

Ingham County reimburses the Township for all delinquent real property tax.

## **INTRODUCTION**

Delhi Charter Township faces the challenge of meeting the needs of its residents for public services and facilities with increasing costs and relatively fixed revenues. To effectively set project priorities, the Township has implemented a Capital Improvements Program (CIP) which began in 2006. Over the years, the process has continued to be refined to make it more useable and pertinent to the budget process.

## **WHAT IS A CAPITAL IMPROVEMENT?**

Capital Improvements are public improvements involving the expenditure of public funds, over and above normal annual operating expenses, for the purchase, construction or replacement of physical facilities or assets of the community. Examples include, but are not limited to:

- The extension of water mains.
- The construction of bicycle & pedestrian pathways.
- Parks improvements.
- The renovation of community owned buildings.
- The purchase of land.
- Significant planning or study work.
- Extension of sanitary sewer lines.
- Construction of sewage treatment facilities.
- Significant equipment or machinery purchases.
- Others.

## **WHAT IS A CAPITAL IMPROVEMENTS PROGRAM?**

A CIP is the preparation and updating of a proposed schedule of public works projects and related equipment to be built or purchased by the local municipality within a period of 6 years, including the current budget year. It covers the entire range of public facility and service requirements. The CIP includes anticipated future projects, and provides a suggested order of priority for those within the Capital Budget, along with cost estimates and the anticipated means of financing each project.

The first year in the CIP is referred to as the “capital budget” and includes those projects that will be recommended for funding in the upcoming fiscal year. *These projects will be considered for inclusion in the Township’s adopted budget.* The following five years of projects make up the “Capital Improvements Program” and serve as a mechanism for tracking, anticipating and planning for future needs.

## **WHAT ARE THE BENEFITS OF A CAPITAL IMPROVEMENTS PROGRAM?**

- Focusing Attention on Community Goals, Needs, and Capabilities.
- Achieving Optimum Use of the Taxpayer's Dollar.
- Serving Wider Community Interests.
- Encouraging a More Efficient Governmental Administration.
- Improving Intergovernmental and Regional Cooperation.
- Maintaining a Sound and Stable Financial Program.
- Enhancing Opportunities for Participation in Federal and State Grant Programs.

*\*The Contents of This Chapter Were Adapted from: Capital Improvements Programming in Local Government by HUD, Second Printing, 1970, published by USGPO, Washington, D.C. 20402 and Capital Improvements Programs: Linking Budgeting and Planning by Robert A. Bowyer, Planning Advisory Service Report No. 442, 1993, published by the American Planning Association, 1313 E. 60th Street, Chicago, Illinois 60637.*

## **WHY UPDATE IT ANNUALLY?**

The CIP is updated annually to fine-tune the capital budget, reflect changing economic conditions and the need for additional projects. Adjustment is also made to the priority of projects, as necessary.

## **QUALIFYING EXPENDITURES UNDER THE CAPITAL IMPROVEMENTS PROGRAM**

To be considered a Capital Improvement, and be included in this CIP, expenditures must meet at least one of the following criteria:

1. Major, non-recurring expenditure, generally greater than \$20,000, that may have a useful life of at least five years, including but not limited to:
  - Major equipment purchases,
  - Significant acquisitions of land for public purpose,
  - Construction of a new facility or expansion/alteration of an existing one, including a non-recurring rehabilitation or major repair of all or part of a building, its grounds or other facility.
2. Any planning, feasibility, engineering, or design study related to a capital improvement.

Projects that do not meet the criteria above are generally not appropriate for inclusion in the CIP and are submitted as a part of the Township's annual operating budget. Some exceptions are made if it is determined that inclusion of the information will benefit long range budgeting and planning for the community.

## **INFORMATION ABOUT DELHI'S OPERATIONAL FUNDS & DOWNTOWN DEVELOPMENT AUTHORITY**

Delhi Township has several operational funds, which finance the services provided to Township residents and property owners. These funds are as follows: General Fund, Sanitary Sewer Fund, Fire Fund, EMS Equipment and Vehicle Fund, Police Fund, Debt Service Fund, Parks Fund, and the Water Improvement Fund. Each of these is a separate, primarily autonomous budget entity, except that there may be transfers into one fund from another or from other sources. The General Fund receives most of its revenues from property taxes, state shared revenues, and fees. Revenues to the Sanitary Sewer Fund and the Water Improvement Fund are derived from customer billings, new customer connection fees and special assessments. The Fire, EMS and Parks Funds are capitalized via millages leveraged for those purposes.

The Downtown Development Authority (DDA) was created by the Township Board in 1987 to facilitating public improvements and economic development within the DDA area. In addition to helping to offset the cost associated with services received from the Township, the DDA participates and provides funding for many significant public projects. The DDA's capital projects have been added to this CIP so that a more accurate scope can be reflected.

## **PROJECT RANKING AND DESCRIPTIONS**

All projects submitted for inclusion in the 2021 - 2026 CIP are reviewed by the Township Manager, and Department leaders, to establish a priority ranking for each project according to its economic and physical necessity and the benefits anticipated to be gained by Township residents and personnel. The Township Manager establishes the final recommended priority level. The priorities are based on a classification system adapted from Principles and Practice of Urban Planning, published in 1968 by the International City Manager's Association (pp. 392-394), as follows:

|                         |                                                                                                                                                                                                                                                                       |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Priority A (Urgent)     | Projects which cannot reasonably be postponed. These may be needed to complete an essential or a partially finished project, or to maintain a minimum level of service in a presently established Township program. Also, any project needed to address an emergency. |
| Priority B (Necessary)  | Projects which should be carried out within a few years to meet the anticipated needs of a current Township service, or replacement of unsatisfactory facilities.                                                                                                     |
| Priority C (Desirable)  | Projects needed for the proper expansion of a Township service. The exact timing of which can wait until funds are available.                                                                                                                                         |
| Priority D (Deferrable) | Projects which would be needed for ideal operation, but which cannot yet be recommended for action. They can be postponed without detriment to present services.                                                                                                      |

Projects that are given the same classification can be distinguished further by the Township Manager and the Township Board for budget purposes based on public health and safety considerations, breadth of service area, or the availability of matching funding from other sources outside of the Township. In determining appropriate project funding levels throughout the program period, the Township Manager may exercise one or more of the following options:

- Recommend funding the project in the year and the amount requested by the Department.
- Recommend that the project not be funded at all.
- Recommend partial funding of the project in the year requested.
- Recommend delaying funding of the project to another year.
- Recommend setting aside a portion of the requested money each year to save enough to fund the project in some future year.

The project classifications serve as a guide in preparing the annual Township budget and aid the Township Board in making project funding decisions. The assigned priority level, anticipated funding amount and descriptions of each project appear later in this document.

#### **STATUS OF CURRENT YEAR'S CAPITAL BUDGET PROJECTS (FY 2020)**

| <b>2020 Project Description</b>                                                                                                                                                                                                                                                                                                                                                          | <b>Status</b>                                                                                                                                                                                                                                                                                                                                                             | <b>Original Amt. in 2020 CIP</b> | <b>Actual 2020 Funding Level</b> |

| <b><u>2020 General Fund Projects</u></b>                                                                                                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                                                                                                                           |                                  |                                  |
| <b><u>Holt 2 Mason Trail</u></b><br>This project includes the construction of a non-motorized pathway from Esker Landing Park to College Road. The trail will then connect to the City of Mason's Hayhoe River Walk trail in the near future, but this connection will be completed by others. The Township will play an active partnership roll in facilitating this future connection. | This project will be submitted to Ingham County for funding using trail millage dollars. In 2019, \$1M in County funds were awarded to the project. This will be spent on Phase I of the implementation project. In early 2020 the Township was notified that the County would award the remaining funds necessary for Phase 2. This project should be completed by 2022. | \$3 M                            | \$3 M                            |
| <b><u>Sidewalk Program and Construction</u></b><br>Ongoing implementation of the ADA Transition plan and other sidewalk improvements to promote and improve walkability.                                                                                                                                                                                                                 | This project will be postponed in 2020 due to the COVID-19 situation. Given personal economics, asking property owners to participate at the 50% level for sidewalk repairs would not be prudent. The project will resume in 2021.                                                                                                                                        | \$110,000                        | \$15,000                         |
| <b><u>Safe Routes 2 School Project</u></b><br><u>Ongoing implementation of the ADA Transition plan and other sidewalk improvements to promote and improve walkability will occur in 2019 via the SR2S project. Construction will be 100% funded with grant dollars. The Township will provide engineering services.</u>                                                                  | This project will occur in 2020. Construction will be funded using a SR2S grant, which has been awarded in the amount of \$941,981. The Township will fund engineering and project oversight.                                                                                                                                                                             | \$1.14 M                         | \$1.14 M                         |
| <b><u>ICRD McCue Road Improvement Project (50/50 funding)</u></b><br>The Township will match funding made available by the ICRD who will complete a significant project along McCue Road between Eifert Road and Onondaga Road. The Township has                                                                                                                                         | This project will be postponed until 2021. The ICRD has indicated that they will not be able to complete this project in 2020 and so asked for it to be deferred until 2021.                                                                                                                                                                                              | \$1M                             | \$0M                             |

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |                                                                                                                                               |           |                            |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------|-----------|----------------------------|
| “saved” its annual allocation for several years to provide adequate funding for the project. As of 2019, the total amount “saved” is \$698,208.48 (50/50 county/twp.), so it is anticipated that funding will be available in 2020 for this project.                                                                                                                                                                                                                                                                                                                                      |                                                                                                                                               |           |                            |
| <u>Cemetery Capital Improvements</u><br>This project will occur annually and be a “savings” set-aside so that capital projects at the cemeteries can be implemented as appropriate. Examples may include road resurfacing within the cemeteries, signage, the development of new areas, etc.                                                                                                                                                                                                                                                                                              | This project is on-going and occurs annually. It will occur in 2020.                                                                          | \$15,000  | \$15,000                   |
| <u>Columbarium at Maple Ridge Cemetery</u><br>The current columbarium is full. Shifting preferences for burial options make columbarium space desirable to the community, yet there is no space currently available. The Clerk has completed some preliminary design and cost estimation work. The columbarium will likely be installed this year. Funding would come from the “Cemetery Capital Improvements” budget.                                                                                                                                                                    | This project may occur in 2020. The total project may be phased over several years, but the exact schedule has not been determined currently. | \$175,000 | \$175,000                  |
| <u>Willoughby Road Sidewalk</u><br>In 2020, the ICRD anticipates reconstruction of Willoughby Road between College Road and approximately the railroad tracks. The Township’s Complete Streets Ordinance requires that we evaluate the feasibility of installing pedestrian facilities as a part of any road project. This area has been previously identified as a desired pedestrian route, making key connections to the trail system. The Township will work with the ICRD to determine feasibility and costs. However, it is estimated that this could cost approximately \$400,000. | This project will be postponed until 2021 per the ICRD.                                                                                       | \$400,000 | \$0                        |
| <u>Replacement of Sheriff’s Department Building Parking Lot</u>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | This project will be postponed until 2021 due to COVID-19 related revenue loss.                                                               | \$65,000  | \$0                        |
| <b><u>2020 Sewer Fund Projects</u></b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |                                                                                                                                               |           |                            |
| <u>Vehicle Purchase</u><br>This project includes the ongoing replacement of vehicles.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | At the end of the 2019 FY, vehicles were purchased pursuant to the current vehicle replacement schedule for both 2019 and 2020                | \$60,000  | \$137,000<br>(2019 & 2020) |

| <b><u>General Fund</u></b> |                                                                                                                                                                                                                                                                                                                                                                                        |                          |
| C                          | <u>Sidewalk Program and Construction</u><br>Ongoing implementation of the ADA Transition plan and other sidewalk improvements to promote and improve walkability.                                                                                                                                                                                                                      | \$110,000                |
| B                          | <u>Holt 2 Mason Trail Construction</u><br>The Ingham County Board of Commissioners has stated that they will award County Parks Millage funding for the construction of this project. The Township plans to complete engineering during 2019 using the initial \$1M granted by the County. Construction was awarded in 2020 for Phase 2 of the project, which will occur in 2020-2022. | \$3 M                    |
| B                          | <u>ICRD McCue Road Improvement Project (50/50 funding)</u><br>The Township will match funding made available by the ICRD who will complete a                                                                                                                                                                                                                                           | \$1 M                    |

|                                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |           |
|-----------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|
|                                   | significant project along McCue Road between Eifert Road and Onondaga Road. The Township has “saved” its annual allocation for several years to provide adequate funding for the project. As of 2020, the total amount “saved” is approximately \$1M (50/50 county/twp.), so it is anticipated that funding will be available in 2021 for this project.                                                                                                                                      |           |
| B                                 | <u>Replacement of Sherriff’s Department Building Parking Lot</u>                                                                                                                                                                                                                                                                                                                                                                                                                             | \$80,000  |
| C                                 | <u>Cemetery Capital Improvements</u><br>This project will occur annually and be a “savings” set-aside so that capital projects at the cemeteries can be implemented as appropriate. Examples may include road resurfacing within the cemeteries, signage, the development of new areas, etc.                                                                                                                                                                                                 | \$15,000  |
| <b><u>Sewer Fund Projects</u></b> |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |           |
| B                                 | <u>Vehicle Purchase</u><br>This project includes the ongoing replacement of fleet vehicles.                                                                                                                                                                                                                                                                                                                                                                                                  | \$50,000  |
| B                                 | <u>Generators</u><br>This project includes the ongoing replacement of the portable generators used to provide backup power to the lift stations. Replacements were identified as part of the 2017 Asset Management planning process and are expected to occur each year until all have been replaced.                                                                                                                                                                                        | \$100,000 |
| C                                 | <u>Grit Handling</u><br>This project includes the installation of grit handling equipment at the POTW. Design is anticipated to begin in 2021, with construction beginning in 2022. The total anticipated project cost is listed here at this time.                                                                                                                                                                                                                                          | \$2.5 M   |
| C                                 | <u>Solids Handling Building</u><br>This project includes the design and construction of a solids handling building that would house the grease handling equipment, scrappy and sludge water reduction equipment. There would also be space for the boiler/generator. Construction would occur using anticipated 2021 bond issue proceeds. If the project moves forward, design would occur in 2021 and construction in 2022. The total anticipated project cost is listed here at this time. | \$3.6 M   |
| C                                 | <u>Evoqua Cover Rehabilitation</u><br>This project was identified as part of the asset management plan and includes the purchase of a new cover for the digester used in backup processes. This project would be paid for with a 2021 bond issue. If the project moves forward, design would occur in 2021 and construction in 2022. The total anticipated project cost is listed here at this time.                                                                                         | \$650,000 |
| C                                 | <u>Boiler/Generator</u><br>This project would include the boiler/generator which would be installed in the proposed solids handling building. If failure of the current equipment occurs first, it is possible that replacement will need to occur sooner. This project would be paid for using the 2021 bond issue funds. If the project moves forward, design would occur in 2021 and construction in 2022. The total anticipated project cost is listed here at this time.                | \$750,000 |
| C                                 | <u>Collection System Improvements</u><br>These projects are ongoing repairs/rehabilitation and replacements to the collection system (sewers). Funds used will include cash generated from the prior year’s connection fees and bonds, if needed. The amount in 2021 includes connection fees                                                                                                                                                                                                | \$475,000 |

|                                                   |                                                                                                                                                                                                                                                                           |                                                        |
|---------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------|
|                                                   | from 2019 & 2020.                                                                                                                                                                                                                                                         |                                                        |
| B                                                 | <u>Odor Media Replacement</u><br>This project is necessary to replace the odor reduction media at the POTW and Lift Station D.                                                                                                                                            | \$27,000                                               |
| B                                                 | <u>Concrete Repair</u><br>This project includes the repair or replacement of faulty concrete and mortar.                                                                                                                                                                  | \$120,000                                              |
| B                                                 | <u>Roof Replacements &amp; Repairs</u><br>Repair and replacement of roofs at various DPS/POTW properties. This is an ongoing annual program that will conclude in 2026 with a total estimated total end cost of \$310,000.                                                | \$140,000                                              |
| C                                                 | <u>Roadway Repair &amp; Replacement</u><br>Repair and replacement of roadways at POTW/DPS and/or lift stations. This is part of an ongoing program that will conclude in 2026 and have a total estimated cost of \$810,000.                                               | \$270,000                                              |
| <b><u>Fire Fund</u></b>                           |                                                                                                                                                                                                                                                                           |                                                        |
| C                                                 | <u>Replacement of 1997 Tanker &amp; 1993 Pierce Engine</u><br>These trucks will be replaced with a single Pumper-Tanker, thus reducing the fleet by 1 vehicle. This will save associated maintenance and operational costs, while increasing the usefulness of the fleet. | \$650,000                                              |
| C                                                 | <u>Purchase EMS Cots</u><br>This project includes the purchase and installation of Stryker power cot and loader for 2 ambulances in 2021. This is required to maintain state and federal compliance with standards.                                                       | \$46,000                                               |
| C                                                 | <u>Replace Car 21</u><br>This project includes the replacement of the 2013 Explorer with a 2020/2021 Full-size Truck. This will be a better fit for command response.                                                                                                     | \$40,000                                               |
| <b><u>Downtown Development Authority</u></b>      |                                                                                                                                                                                                                                                                           |                                                        |
| B                                                 | <u>Remodel Farmers Market building</u><br>This project includes adding onto the south side of the market and replacing the roof.                                                                                                                                          | \$100,000                                              |
| C                                                 | <u>Strategic Redevelopment</u><br>This project will include potential property purchases, environmental testing, demolitions and redevelopment of properties that align with the DDA's strategic reinvestment, economic development and redevelopment goals.              | Up to \$1.4 M<br>(this could occur over several years) |
| <b><u>Parks, Trails &amp; Recreation Fund</u></b> |                                                                                                                                                                                                                                                                           |                                                        |
| B                                                 | <u>Mowing Equipment Purchase</u><br>This project includes the replacement of mowers necessary to maintain Township parks and properties as well as school properties.                                                                                                     | \$60,000                                               |

**CAPITAL IMPROVEMENTS PROGRAM**

| B                                                 | <u>Willoughby Road Sidewalk</u><br>In 2022, the ICRD anticipates reconstruction of Willoughby Road between College Road and approximately the railroad tracks. The Township’s Complete Streets Ordinance requires that we evaluate the feasibility of installing pedestrian facilities as a part of any road project. This area has been previously identified as a desired pedestrian route, making key connections to the trail system. The Township will work with the ICRD to determine feasibility and costs. However, it is estimated that this could cost approximately \$400,000. | 2022 | \$400,000 |

|                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | 2026 | \$50,000  |
| B                 | <u>POTW Transformers &amp; Switch Replacement</u><br>This improvement was identified in the asset management plan and is necessary to continue to implement that plan to ensure future integrity of systems. This project will be paid for with cash.                                                                                                                                                                                                                                                    | 2022 | \$120,000 |
| C                 | <u>Bio-Gas Storage</u><br>This project will include the design and construction of a facility for the storage and use of gas generated by the digester. It would allow the POTW to use gas for power generation during times when it is not currently possible. The project would reduce or eliminate reliance on external power supplies. The project would be funded using a 2024 bond issue. Design would occur in 2024, with construction commencing in 2025, if the project is determined feasible. | 2024 | \$700,000 |
| B                 | <u>Replace 4" portable pump</u><br>Replacement of a portable pump that will be past its useful life and is necessary for operation of POTW/DPS and lift stations.                                                                                                                                                                                                                                                                                                                                        | 2025 | \$75,000  |
| C                 | <u>Replacement of Camera Truck</u><br>Estimated end of useful life.                                                                                                                                                                                                                                                                                                                                                                                                                                      | 2025 | \$450,000 |

|                         |                                                                                                                                                                                                                                                                                                                                                                                                         | 2026 | \$150,000 + 2025 fees |
| B                       | <u>Holt Road Force Main</u><br>This project was identified through the development of the asset management plan and includes the repair or replacement of force main at Holt Road. It is anticipated that 2024 bond funds would be used, and that design would occur in 2024 with construction commencing in 2025.                                                                                      | 2024 | \$750,000             |
| B                       | <u>Keller Road Sanitary Sewer Replacement</u><br>This project includes the replacement of the 8” sanitary sewer and leads on Keller Road from Cedar Street to Park Lane. This project may be coordinated with any upcoming ICRD project that would improve Keller Road. It is anticipated that 2024 bond funds would be used, and that design would occur in 2024 with construction commencing in 2025. | 2024 | \$1,250,000           |
| D                       | <u>POTW Solar Array</u><br>This project would include the installation of a solar array to supply power to the POTW. This project would only be advisable if it would be shown that the net operational savings would result in an acceptable payback period.                                                                                                                                           | 2025 | \$1 M                 |
| B                       | <u>POTW Generator #1 &amp; #2 Replacement</u><br>This project was identified through the development of the asset management plan and includes the replacement of two generators at the POTW. It is anticipated that 2024 bond funds would be used, and that design would occur in 2024 with construction commencing in 2025.                                                                           | 2024 | \$700,000             |
| B                       | <u>Concrete Repairs</u><br>This project is repairing concrete and mortar at DPS and the POTW.                                                                                                                                                                                                                                                                                                           | 2024 | \$100,000             |
| B                       | <u>Replacement Mowers for DPS/POTW</u><br>End of useful life                                                                                                                                                                                                                                                                                                                                            | 2022 | \$30,000              |
|                         |                                                                                                                                                                                                                                                                                                                                                                                                         | 2023 | \$15,000              |
| <b><u>Fire Fund</u></b> |                                                                                                                                                                                                                                                                                                                                                                                                         |      |                       |
| B                       | <u>EMS Cots</u><br>This is a project to purchase and install Stryker power cot and loaders for 2 ambulances. The first phase of this project will                                                                                                                                                                                                                                                       | 2022 | \$92,000              |

## GLOSSARY/ACRONYMS

### **Accrual Accounting**

A basis of accounting in which revenues are recognized in the accounting period in which they are earned, and expenses recognized in the period in which they are incurred, regardless of the timing of related cash flows.

### **Activity**

A department or grouping of accounts with a similar purpose. The Township budget is adopted by activity.

### **Ad Valorem Tax**

The tax levied on real and personal property according to the property's taxable value and the tax rate (millage) in effect.

### **Appropriation**

Legal authorization granted by the Township Board to spend money for specific purposes.

### **Assigned Fund Balance**

An amount that is intended to be used by the Board for a specific purpose or purposes.

### **Balanced Budget**

When revenues plus appropriated fund balances equal or exceed expenditures. The State of Michigan requires a balanced budget.

### **Bond**

A written promise to pay a specified sum of money (called principal or face value) at a specified future date (called maturity date) along with periodic interest paid at a specified rate. Bonds are typically used for long-term debt to pay for specific capital improvements.

### **Budget**

A plan of financial activity for a specified period of time indicating all planned revenues and expenditures for the period. It is adopted by the Township Board prior to the beginning of the time period.

### **Capital Improvement**

Public improvements over and above normal operating expenditures for the purchase, construction, or replacement of physical assets of the community. Includes extension of sewer lines, park improvements, upgrade of sewer treatment plant facilities,

### **Capital Outlay**

Purchase of capital assets, defined by Township policy as being tangible real and personal property that is expected to have a useful life of more than one year and has a value of at least \$5000. Includes the cost of land, buildings, improvements, vehicles, machinery and equipment.

### **Cash Basis of Accounting**

Transactions or events are recognized when cash amounts are received or disbursed.

**COCS**

Cost of Community Services - The impacts of various land uses, including residential and agricultural lands, on a municipality's budget

**Committed Fund Balance**

The portion of Fund Balance which has been constrained as to its use for a specific purpose by action of the Township Board.

**Component Unit**

Legally separate organization for which the elected officials of the primary government are financially accountable. The Delhi Downtown Development Authority and the Brownfield Redevelopment Authority are component units of the Township.

**DDA**

Downtown Development Authority-This fund is a component unit of the Township organized to promote economic development and support local business.

**Debt Service**

The cost of paying principal and interest payments on borrowed money according to a predetermined payment schedule.

**Deficit**

When fund liabilities and fund balance are greater than fund assets.

**Department**

A major organization of the Township that manages an operation or group of related activities.

**Enterprise Funds**

Used to account for activities that receive most of their revenues through user fees. The intent is for the cost of the services to be financed by the users of the services. The Township's enterprise fund is the Sewer Fund.

**Fiduciary Funds**

Used to hold or manage financial resources as an agent for others. No budget is adopted for Fiduciary Funds.

**Fiscal Year**

The Township's fiscal year is the same as the calendar year - January 1 through December 31.

**Fund**

A grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives.

**Fund Accounting**

The Township's accounting uses funds to report on financial position and operations. It is designed to demonstrate legal compliance and to separate transactions for specific government functions.

**Fund Balance**

Excess of fund assets over fund liabilities in a governmental fund. Fund balance is classified as either nonspendable, restricted, committed, assigned or unassigned.

## **Fund Classification**

There are two categories of funds in the budget: governmental and proprietary.

### **GAAP**

Generally Accepted Accounting Principles - The conventions, rules, and procedures for accepted accounting practice. Financial Statements are prepared according to GAAP.

### **GASB**

Governmental Accounting Standards Board - Body which sets financial reporting standards for state and local governments.

### **General Fund**

The major governmental fund used to account for everything that is not required to be accounted for in a separate fund.

### **General Obligation Bonds**

Money borrowed by the government whereby the full faith and credit of the government rather than a specific revenue source is pledged to repay the loan.

### **GFOA**

Government Finance Officers Association - The professional association of state/provincial and local finance officers in the United States and Canada, serving the public finance profession since 1906, dedicated to the sound management of government financial resources.

### **Governmental Funds**

Used to account for functions of the Township that are principally supported by taxes and intergovernmental revenues. The Township's governmental funds are the General Fund, five special revenue funds, and a debt service fund.

### **Headlee Amendment**

Statute which places an upper limit on the total amount of property taxes collected in a fiscal year. If the assessments on existing property increase by more than the prior year's consumer price index, the millage rate must be reduced. The Headlee Amendment limitation may be waived only by a vote of the electorate.

### **IFT**

Industrial Facilities Tax - A tax incentive (50% reduction) to manufacturers for renovation and expansion of aging facilities, building of new facilities, and to promote establishment of high tech facilities. The incentive may be granted for up to 12 years.

### **Infrastructure**

Long-lived capital assets that are normally stationary. Includes sewers, sidewalks, streets, streetlights.

### **Internal Service Fund**

Reports activity that provides goods or services to other agencies of the township.

### **Modified Accrual Accounting**

A basis of accounting in which revenues are recognized when they become both measurable and available. Available means collectible within the current period or soon thereafter. Expenditures are recognized when the liability is incurred, except for debt payments which are recognized when they are due.

**NMTP**

Non-Motorized Transportation Plan – A plan to create connections to nearby communities and important destination points with a connected internal network of sidewalks and shared-use paths and bikeways.

**Nonspendable Fund Balance**

The portion of fund balance that is not available for spending, such as prepaid items.

**Operating Budget**

The authorized revenues and expenditures for the day to day operation of the Township. The operating budget is typically for one year, and includes personnel costs, supplies, and other services/charges. In contrast, a capital budget can extend for several years, depending on the life of a project.

**Other Financing Source**

Increases in current financial resources that are reported separately from revenues. Loan proceeds and transfers from other funds are reported as Other Financing Sources.

**Other Financing Use**

Decreases in current financial resources that are reported separately from expenditures. A transfer to another fund is an Other Financing Use.

**Other Services/Charges**

Expenditures which include professional services, utilities, training, etc.

**PC**

Planning Commission - An appointed body that reviews proposed development projects, special use permits, rezoning applications etc. and makes recommendations to the Township Board of Trustees. The Planning Commission is also responsible for final approval of and amendments to the Master Plan and Future Land Use Map.

**Personnel Costs**

Includes payroll and fringe benefits.

**Proposal A**

Limits the increase on an individual property's taxable value to the inflation rate or 5 percent, whichever is lower. When the property is sold, the taxable value becomes the State Equalized Value for that year.

**Proprietary Funds**

Funds that focus on the determination of operating income, changes in net assets, financial position, and cash flows. Enterprise and internal service funds are proprietary funds.

**Restricted Fund Balance**

Portion of Fund Balance which can only be spent for specific purposes stipulated by outside resource providers or legislation.

**Revenues**

An increase in fund financial resources, other than from interfund transfers and debt issue proceeds.

**Revenue Bonds**

The government borrows money by issuing these bonds. The bonds are secured by specific revenues that are pledged in the bond.

## **SAD**

Special Assessment District

## **SAW Grant**

Stormwater, Asset Management and Wastewater Grant-State of Michigan reimbursed the Township, with some matching funds, for developing asset management and stormwater management plans, along with the design of wastewater or stormwater infrastructure.

## **Special Assessments**

A levy made against certain properties to defray all or part of the cost of a specific capital improvement deemed to benefit primarily those properties.

## **Special Revenue Funds**

Used to account for the proceeds of specific revenue sources (other than sources for major capital projects) that are legally restricted to expenditures for specific purposes. Michigan Compiled Law requires the Township to adopt a budget for special revenue funds.

## **State Equalized Value (SEV)**

The assessed value multiplied by a factor as determined by the Michigan State Tax Commission to ensure an assessment level of 50 percent of market value.

## **State Shared Revenue**

A portion of the 6% sales tax returned to the Township, based on per capita taxable value, population and relative tax effort.

## **Taxable Value**

The value upon which the property tax is levied. It is determined by multiplying the prior year's taxable value by the current year's cost-of-living index. When the property changes ownership, the SEV becomes the taxable value for that year.

## **Transfers In/Out**

A transfer between funds. For example, the General Fund transfers money to the Fire Fund to support its activities.

## **Unassigned Fund Balance**

The remaining portion of Fund Balance that is not constrained for a specific purpose. It can serve as a measure of available financial resources. Unassigned fund balance can only be reflected in the General Fund.
